## Missile Speedup Urgent, Scientists Say

### White To Head Rights Division

#### Senate To Pass On Nomination

WASHINGTON, Nov. 25 (AP)—President Eisenhower today picked W. Wilson White of Philadelphia to head the new civil rights division in the Justice Department—subject to approval by the Senate.

White is already an assistant attorney general, in charge of legal counseling, and had been reported previously to be in line for the civil rights post.

However, there had been hints that Eisenhower might seek to bypass the Senate on any vote of confirmation and merely shift White from one assistant attorney generalship to another.

Those reports, which had stirred up Southern criticism, were disposed of by the White House announcement that the Senate would be asked to pass on the nomination.

#### Post Created By Congress

Mrs. Anne Wheaton, associate presidential press secretary, said that both Eisenhower and White felt the selection should be passed on by the Senate because of the importance of the job.

As assistant attorney general heading the civil rights division, White would handle lawsuits alleging interference with Negroes' voting and other rights. The job was created in the civil rights bill passed last session by Congress.

Southern critics of that law, including Sen. Thurmond (D-SC) and Stennis (D-Miss) have said they would want a full hearing on any nomination for the position. The committee in charge of such a hearing would be the Senate Judiciary Committee, headed by Sen. Eastland (D-Miss), another opponent of the new civil rights legislation.

#### Ike's Little Rock Adviser

White is reported to have done much of the work backgrounding Eisenhower's actions in the integration troubles at Little Rock, Ark. These culminated in the sending of federal troops there to enforce a court order requiring integration of Negroes and whites at the city's Central High School.

White is a partner, in his father's law firm, with Rep. Hugh Scott of Pennsylvania. He lives in the Chestnut Hill section of Philadelphia, a fashionable neighborhood in which Sen. Clark (D-Pa) also lives.

### Rivera's Body To Lie In State

MEXICO CITY, Nov. 25 (AP)—The body of Diego Rivera was moved today to the National Institute of Fine Art where he painted one of his most controversial works.

The Mexican artist who often tinted his murals and pictures with controversy, died last night after a heart attack in his studio in suburban San Angel. Funeral arrangements are not complete.

Many who disagreed with his politics recognized his stature as an artist. And many will view his body in the period of public mourning.

Rivera would have been 71 on December 8. He had cancer but said he was cured of it in Russia last year. Several weeks ago, plebitis, inflammation of the veins, paralyzed his right arm. Thus his last three works were left undone.

At his bedside when he died was his fourth wife, Ema Hurtado, and his two daughters by a previous marriage. Ruth and Guadalupe. A heart specialist told the family after the heart attack not to expect him to live much longer.

### U.S. In Grave Peril, Senate Probers Told

#### Teller, Bush Urge More Air Power To Deter Russia

WASHINGTON, Nov. 25 (AP)—Two renowned scientists told Senate investigators today that America, facing space age perils from Russia, must push missiles and retaliatory air power with top speed.

Dr. Edward Teller and Dr. Vannevar Bush both testified that the missiles program can be expanded and accelerated and they said this must be done.

Yet ahead of that they placed efforts to make sure that the Strategic Air Command can hammer back with devastating power in the event Russia should attack. As Bush put it:

"Our safety lies primarily in having such a strong offense that nobody dares to challenge it."

#### Grim Warnings

Both Teller and Bush pictured the United States as dragging behind Russia in key areas of science. Each saw a possibility that this country might become a target of intercontinental ballistic missiles carrying hydrogen bomb warheads made in Russia.

Teller, famed as the father of the hydrogen bomb, said America confronts dangers greater than those of World War II. He said the nation "waited too long" in buckling down to work on missiles and could fall far behind the Soviets in this field and the probing of outer space.

Teller is a University of California nuclear scientist. Bush is president of the Carnegie Institute and was head of scientific research for the government in World War II.

For a forum they had the initial hearing of a Senate Armed Forces subcommittee on Preparedness. The subcommittee is setting out to see what can be done about recapturing a measure of lost prestige and power and bringing America abreast of Russia in missiles, satellites and science.

#### Central Board Suggested

Teller said he believes Russia has "the technical foundations" for getting to the moon. This, he said, would have a great practical advantage for both peaceful and military purposes, although it is impossible to say yet precisely what application would be made.

Bush said he believes, with Teller, that if Russia doesn't already have an effective intercontinental missile, it soon will have.

Bush said he thinks a central board to handle military planning would prevent what the subcommittee counsel, Edwin L. Weisl called a "repetition of the present missile situation."

### Ex-Follies Girl Joins Manville's Marital Alumnae

RENO, Nev., Nov. 25 (AP)—Former follies girl Pat Gaston joined millionaire Tommy Manville's marital alumnae today to become No. 10.

As soon as the divorce was granted, she telephoned Tommy in New York and they promptly made a Thanksgiving dinner date.

The 10th Mrs. Manville declined to talk about the sealed property agreement which accompanied her decree granted by Dist. Court Judge Grant Bowen on charges of extreme cruelty. They were married May 5.

### Dag Will Fly To Mideast

#### Ike Greets King, Then Suffers Chill

President Eisenhower greets King Mohammed V of Morocco at Washington's National Airport as the North African ruler arrives for a state visit. A few hours later, the President suffered a chill and was ordered to bed by his doctors.

### Ike's Chill May Upset Visiting Ruler's Plans

WASHINGTON, Nov. 25 (AP)—The chill that sent President Eisenhower to bed threatened tonight to upset the King of Morocco's plans for talking with him about international problems including the future of American airbases.

King Mohammed V had arranged to begin those high-level discussions with Eisenhower at the White House at 9 a.m. tomorrow. Two hours had been set aside for the meeting which was to include Secretary of State Dulles and Moroccan Foreign Minister Ahmed Balafré.

The White House after disclosing the President had been ordered to bed by his doctors late today said nothing about whether he would be able to keep his date with the King tomorrow.

King Mohammed said tonight he was "extremely sorry" to hear of the President's illness. A press spokesman who relayed this to a reporter said the King had been informed after returning from a visit to a mosque.

Tomorrow's meeting between the two leaders was the first of two which had been arranged months ago in keeping with Mohammed's desire to discuss problems with Eisenhower at the highest level.

A second meeting had been set for Wednesday afternoon at 3:30 p.m. to take up such issues as American aid to Morocco and Algerian rebellion against France in North Africa.

Mohammed returned tonight to Blair House, his residence during his visit, a few hours before he was to show up at the White House to attend the state dinner where Eisenhower was to be host. He apparently was unaware at that time of the President's illness.

The King arrived in Washington this noon.

### Revenue Service Reverses Itself

WASHINGTON, Nov. 25 (AP)—The Internal Revenue Service reversed itself today and said that taxpayers will not be required to fill in the new expense account line on their individual income tax forms for 1957.

A statement by Commissioner Russell C. Harrington said the decision was taken because the decision to include the new line was not made public until 10 months of the taxpayer year had passed.

He said taxpayers have emphasized to the Internal Revenue Service that most employees who are reimbursed for expenses file their bills and receipts with their employers and do not retain copies.

#### Four Algerians Slain

PARIS, Nov. 25 (AP)—Four Algerians were killed and eight wounded in three separate attacks within one hour in Paris tonight.

### French Police Quell Riots As Macmillan Begins Paris Talks

PARIS, Nov. 25 (AP)—Riot troops and police broke up a teen-age demonstration against Britain and the United States today as British Prime Minister Macmillan held inconclusive talks here over Tunisian arms.

Shouting "Algeria is French" and "Macmillan to the gallows," about 300 young men, many in leather jackets, attempted to march on the U.S. Embassy near the Place de la Concorde.

The authorities had been warned to expect possible riots by signs splashed on walls overnight by two rightist parties declaring, "The British and Americans have given arms to the Algerian rebels via Tunisia."

Heavy rings of police and troops had been thrown about the British and U.S. embassies shortly after Macmillan flew in from London to begin his talks with French officials.

Almost as soon as the youths began converging, the police moved in with their clubs. About 100 of the demonstrators were bunched into police vans. The remainder were herded into the center of the Place de la Concorde and police hurled stench bombs into their midst.

Warned by the electric atmosphere, Macmillan tried to smooth the way for NATO unity by declaring upon his arrival: "We are in the same boat—don't let us or anyone else rock it."

But this was small relief to the feelings of the French. They believe Macmillan and President Eisenhower, who will attend a NATO summit conference here in mid-December, already had rocked the boat by delivering 900 small arms to the troops of Tunisian President Habib Bourguiba.

The British and American view details.

#### Chou Gives Report

HONG KONG, Nov. 25 (AP)—Red China's Premier Chou En-lai today presented "a report on the world situation" to a special congress of the Chinese Communist party meeting in Tientsin, Peiping radio reported. The radio gave no details.

### Khrushchev, Citing Zhukov Case, Tells Military Grads To Work With Party

MOSCOW, Nov. 25 (AP)—Communist party secretary Nikita S. Khrushchev exhorted the graduating class of Moscow's military academies tonight to increase vigilance against "the threat of war whipped up by imperialists."

He emphasized that the young officers must cooperate with the Communist party to strengthen their commands. And he cited the disgraced Marshal Georgi Zhukov as an example of one who didn't.

"As long as imperialism exists," Khrushchev said, "the seeds of aggressive war remain."

He spoke at a big reception for the military graduates in the Kremlin Grand Palace. The hosts were the Central Committee of the Communist party and the Council of Ministers.

The reception was an unusual one for the post-Stalin era. No

### U.N. Secretary Leaves Friday On Peace Quest

UNITED NATIONS, N.Y., Nov. 25 (AP)—Secretary General Dag Hammarskjöld will leave Friday for another peace mission to the Middle East, the U.N. announced tonight. He will visit the Jordanian capital of Amman and confer with other governments in the area "insofar as time permits."

Ominous flareups along the Israeli-Jordan and Israeli-Syrian borders prompted Hammarskjöld to make the visit, which will last for about a week.

U.N. officials would not comment on reports that Damascus and Ankara were also on Hammarskjöld's itinerary. A spokesman said Hammarskjöld planned to confer in areas where U.N. interests are directly involved, and that the detailed schedule of stops would be announced later.

Damascus, Cairo and Jerusalem were regarded as fairly certain in addition to Amman.

#### Political Controversy

He will confer in Amman on the demand by Jordan that he remove a U.S. marine officer in charge of Israeli-Jordan mediation. Jordan charged the officer had been unfair in his handling of an Israeli-Jordan border dispute.

Hammarskjöld will arrive in Amman on Sunday. He plans to return to U.N. headquarters by December 8.

Hammarskjöld visited the Middle East three times last year. He went on peace missions to the Palestine area in April and again in July, and obtained agreements that resulted in a lessening of border tension for a time.

#### Border Clashes Touched Off

The Israeli and British-French attack on Egypt came in November, and Hammarskjöld made another trip afterward in connection with the setting up of the U.N. Emergency Force and the repairs to the Suez Canal.

Hammarskjöld's attention was drawn to the current tense Jordan-Israel situation with a formal demand from Jordan that he remove U.S. Marine Col. Byron Leary as a U.N. mediation official on the grounds he is partial and biased.

Jordan objected to Leary's mediation efforts in an Israeli convoy incident last week which touched off a series of border clashes.

### French Test High Altitude Missiles

PARIS, Nov. 25 (AP)—The French Defense Ministry disclosed today that France has successfully tested two high altitude missiles deep in the Algerian Sahara Desert.

The missiles called Monica 5 and Veronica have been fired to heights up to 160 miles at speeds of 3,300 m.p.h., the ministry announcement said.

Veronica was described as the larger, weighing around 784 pounds. Monica 5 weighs around 339 pounds.

The announcement said the missiles were recovered by means of parachutes.

#### Tobacco Tycoon Dies

NEW YORK, Nov. 25 (AP)—O. Parker McComas, 62, president of the Philip Morris tobacco and cigar company, died tonight at Lenox Hill Hospital after an operation.

### Eisenhower Suffers Chill; Rest Ordered

#### No Hint Of Alarm In Announcements By White House

WASHINGTON, Nov. 25 (AP)—President Eisenhower was ordered to bed by his doctors today because of what the White House called a "chill."

The development caused cancellation of a nationwide television-radio address the President was scheduled to make in Cleveland tomorrow night.

The White House first announced — shortly after 6 p.m. EST — that Eisenhower had suffered a chill, resulting from his appearance at National Airport this morning to greet the King of Morocco, and had been ordered to bed.

At 8 p.m., associate press secretary Anne Wheaton issued this terse statement:

"The White House announced tonight that the President's scheduled speech in Cleveland Tuesday night had been postponed because of his illness."

The statement was timed at 7:50 p.m., but it was 10 minutes after that when Mrs. Wheaton handed typewritten copies to newsmen in the White House lobby.

The press secretary steadfastly refused to elaborate on the statement.

"I cannot go beyond that," she told reporters.

#### Two Doctors In Attendance

Earlier she had said that Eisenhower was being attended at the White House by two physicians, Maj. Gen. Howard M. Snyder and Col. Walter R. Tkach.

Snyder is the chief White House doctor and Tkach is his assistant. Mrs. Wheaton said the fact two doctors were attending the President did not necessarily mean they both were with him at all times.

She also told reporters they had given Eisenhower "some quieting medication."

This was Eisenhower's first announced illness since he suffered a stomach upset last June. It was June a year earlier, 1956, that he was stricken with ileitis and underwent major surgery.

It was September 1955 the President suffered a heart attack in Denver and was hospitalized for seven weeks there.

After tonight's first announcement by Mrs. Wheaton, she said there would be no decision until tomorrow morning on whether Eisenhower would be able to keep his engagement to make a speech at Cleveland tomorrow night.

Less than an hour later Mrs. Wheaton put out her second prepared statement of the evening saying that the President's Cleveland speech had been postponed because of illness.

#### No Hospitalization Plans

All efforts by newsmen to find out whether Eisenhower's condition had worsened after the first of these two announcements were to no avail.

The press secretary repeatedly declined to elaborate on her statement and refused to answer questions on that matter.

In between the two formal announcements, she said there were no plans to hospitalize the President—"nothing like that at all."

In the case of Eisenhower's illnesses in the past the White House always has either issued statements containing information from the President's doctors, or has based statements on reports from them.

### Flames Sweep Frederick Firm

FREDERICK, Nov. 25 (AP)—A stubborn fire—more smoke than flames—hit a large home appliance firm in the center of Frederick tonight.

A general alarm brought all available equipment to the scene, a 3-story building occupied by Better Homes Equipment Co. at 18 East Patrick Street, which is U.S. 40 eastbound.

Traffic on U.S. 40 and U.S. 15 which intersects Patrick Street about 100 yards from the burning building, was being detoured.

Firemen said the blaze appeared to be centered in a dumbwaiter shaft on the third floor. Although the blaze was still out of control 1 hour and 40 minutes after it was discovered, firemen said there was no immediate danger of it spreading through the block.

The equipment company has display and sales rooms on the first floor and storage facilities on the top two floors. It was reported heavily stocked for Christmas sales and damage from water alone was expected to be extensive.

## Spanish-Moroccan Break May Be Near

MADRID, Spain, Nov. 25 (AP)—Spain's relations with Morocco were near the breaking point today because of bloody clashes in Spain's West African colonies. Spain has sent reinforcements to the colonies from the Canary Islands, her former protectorate in northern Morocco and from Seville in southern Spain, reliable informants said. Fifteen Heinkel bombers also left Seville a few days ago for West Africa, it was reported.

Diplomatic sources said Spain has asked the United States to intervene with King Mohammed V. of Morocco to secure withdrawal of "Moroccan liberation army"

forces attacking Spain's Ifni and Rio de Oro colonies.

The Spanish believe the stakes in Rio de Oro, especially, are high. They believe oil deposits found in Libya and Algeria continue into Rio de Oro.

Reports that six Spanish army posts in Ifni have fallen to Moroccan rebels could not be confirmed here.

Information from Ifni and Rio de Oro, both military zones forbidden to foreigners and newsmen, was hard to obtain in Madrid. No official statements of the fighting which has been going on sporadically for months were issued. Nationalists in Morocco said yesterday new fighting broke out last Friday in Ifni.

## Reports Again Link Margaret And Townsend

LONDON, Nov. 25 (AP)—A report published abroad that Princess Margaret still longs to marry Peter Townsend had Buckingham Palace officials worried tonight.

The report said Princess Margaret made a tearful new appeal to Queen Elizabeth for permission to wed Townsend.

"It is silly to suggest that the Queen and the Princess are at loggerheads," a palace informant said. He called the whole story nonsense.

Behind these quick denials lay official fears that the next few weeks may bring more reports of Margaret's interest in Townsend. Townsend was understood to be heading back toward Europe after the "round-the-world" trip he undertook when Margaret renounced him two years ago.

Some informants said he might come to London although Townsend, when he left, said he never would return.

News stories linking the 27-year-old Margaret and the 43-year-old former equerry, a divorced man, are considered in some circles to be damaging to the monarchy.

Informants in high places here acknowledge it is not unlikely that Margaret and Townsend have exchanged letters the last two years. People who know Margaret have never entirely ruled out the possibility that the romance could flare up again.

## Supreme Court Bars Multiple Contempt Cases

WASHINGTON, Nov. 25 (AP)—The Supreme Court ruled today that repeated refusals of a witness to answer questions falling within the same general area of inquiry constitutes one, not several cases of contempt.

The ruling was given in the case of Mrs. Oleta O'Connor Yates, California Communist leader, who received 11 one-year concurrent sentences for criminal contempt of court.

Justice Clark said in the majority opinion "The prosecution cannot multiply contempts by repeated questions on the same subject of inquiry within which the recalcitrant witness already has refused answers."

By a 6-3 vote the court set aside 10 of Mrs. Yates' contempt convictions and returned the case to U.S. Dist. Court Judge William C. Mathes in Los Angeles to consider "in the cool reflection of subsequent events" whether the remaining sentence should be reduced.

In other actions today the court:

1. Agreed to review a 5-3 decision of the U.S. Court of Appeals here that the State Department may refuse to issue passports to applicants who decline to sign non-Communist affidavits.

2. Refused to reconsider its Oct. 14 denial of a hearing to segregationist John Kasper, who was sentenced to a year in jail on a charge of criminal contempt of court in connection with disorders at Clinton, Tenn., resulting from integration of the high school there.

## Sheriff's Libel Suit Reinstated

ANNAPOLIS, Nov. 25 (AP)—The Court of Appeals today reversed a Wicomico Circuit Court ruling which had dismissed a libel suit brought by Sheriff Jesse M. Pollitt against Brush-Moore Newspapers, Inc.

It held that a newspaper article published in the Salisbury Times contained statements about an auditing report that were libelous per se and sent the case back for further proceedings.

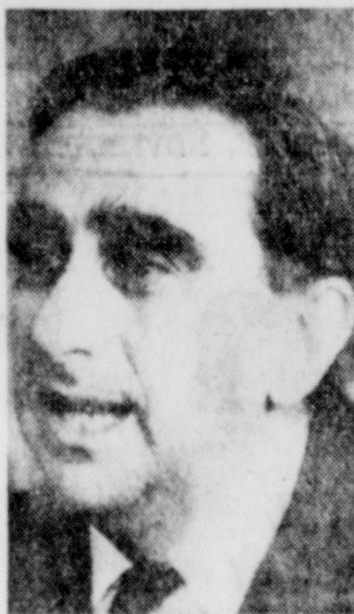

At the same time, the high court upheld dismissal of a second libel suit brought by the sheriff against the newspaper chain which dealt with the firing of a jail turnkey.

The suit, remanded for further proceedings, asked \$50,000 damages, contending the article in question "imputed conduct tending to degrade the plaintiff and to lead the public to believe the plaintiff was guilty of a misdemeanor under Maryland law."

It quoted an auditing report that "we (the auditors) examined the procedure for booking prisoners at the jail and found the record incomplete."

The actual report had said the auditors found the record "complete" and Sheriff Pollitt charged that printing the word as "incomplete" was false and malicious.

He said that three months earlier, the Times had published a story concerning a purported erasure on the jail log and after that he had withheld the jail book from reporters of the Times and denied them access to the jail.

## Beck Will Be Tried Alone On Tax Charge

TACOMA, Wash., Nov. 25 (AP)—Dave Beck, retiring Teamsters Union leader, will be tried alone on income tax evasion charges, U.S. Dist. Court Judge George H. Boldt ruled today.

Beck and five codefendants, including Dave Beck Jr., will be tried together on conspiracy charges, the court also ruled.

Beck's income tax evasion trial is scheduled to start April 14. He is accused of evading \$240,000 in income taxes from 1930 through 1933.

In indicting Beck Sr. the federal grand jury last August also charged his son, Fred Verschuere, to evade Beck's taxes.

## South African Diamond, Gold King Dies

JOHANNESBURG, South Africa, Nov. 25 (AP)—Sir Ernest Oppenheimer, the South African diamond and gold king, died alone at his breakfast table today. He was 77, and had been in poor health.

The shy, slight, mild-mannered mining magnate had a head for figures but never was able to compute his own wealth.

He was chairman or director of scores of companies which controlled the world's diamond production and much of its gold.

Mr. Norman J. Gessert and Nathaniel W. and Shelton Shefferman, grand jury last August also charged his son, Fred Verschuere, to evade Beck's taxes.

His wife seldom wore diamonds. She preferred pearls.

Sir Ernest began to fail about a year ago. He suffered a slight stroke recently while walking in his garden.

His son, Harry, who is expected to step into his business shoes, and a physician had breakfast with him today and found him in good spirits. He died 30 minutes after they left.

His wife, Lady Oppenheimer, was in London on a holiday with her stepson, Sir Michael Oppenheimer. Both Harry and Sir Michael are married and each has two children.

The financier, who started as an office boy for a London dia-

mond firm when he was 16, not only became South Africa's most fabulous mining and financial figure, but also a political leader.

He was an active backer of the United party, which opposes South Africa's ruling Nationalist party. His son Harry also is a leader of the party and a member of Parliament.

Although he had a palatial home here, the financier lived unostentatiously. He did little entertaining, and never went in for yachts, race horses or hobbies. Almost his sole interests were business and philanthropies—and most of these were not given publicity. He rarely saw newsmen.

SCIENTIST TESTIFIES—Dr. Edward Teller tells the Senate Armed Services Preparedness subcommittee he believes Russia has the ability to hit such a distant target as Houston, Tex., with an intercontinental ballistic missile "or will have in a short time."

Teller, who played a major part in development of the H-bomb, spoke as the opening witness yesterday in a broad Senate inquiry into the U. S. missile program.

## Prince George Of Greece Dies

PARIS, Nov. 25 (AP)—Prince George of Greece, who in his brawny youth saved a Russian czar from assassination, died today at his home in suburban St. Cloud. He was 68.

Stricken by a brain hemorrhage in 1936, he had been confined to bed for more than a year. His legs were paralyzed.

His body will be sent to Greece aboard a Greek warship later this week for the funeral in Athens. Burial will be in the royal sepulcher near Marathon. No date has been set.

He was the second son of the late King George I of Greece and an uncle of the present King Paul of Greece. He also was an uncle of Britain's Prince Philip, Queen Elizabeth's husband.

He was linked, too, with the royal houses of Denmark and England and the czars of Russia.

Noted for his strength in his youth, Prince George pounced on and disarmed a would-be assassin of his cousin, Czar Nicolas II of Russia on a visit to Japan in 1895.

## Eisenhower

(Continued from Page 1)

announcements carried no hint of alarm.

However, there was the natural concern that would arise in the case of any man Eisenhower's age who has had a heart attack and major surgery within a span of little more than two years.

Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader who has also recovered from a heart attack, said at the Hospital when informed of the President's indisposition:

"I am sorry to hear of it. I hope it is nothing serious."

Sen. Bush (R-Conn.) said it sounded to him "like the President might have the flu—I hope he doesn't have."

Eisenhower inoculated against Asian flu Aug. 26.

# Tax On Ads Challenged By Baltimore Publishers

BALTIMORE, Nov. 25 (AP)—The publishers of three Baltimore daily newspapers today challenged the constitutionality of the city tax on advertising adopted this month.

They asked for a temporary injunction preventing the tax from going into effect as scheduled Jan. 1 until the constitutional question is ruled upon finally. It is expected to be taken to the Maryland Court of Appeals.

Circuit Judge Edwin Harlan gave the city until Dec. 17 to argue against the injunction.

The separate but similar suits were filed in the names of the Sunpapers, publisher of morning and afternoon dailies, the afternoon News-Post and two television stations they own.

Westinghouse Broadcasting Corp., owner of WJZ here, also joined in the contest.

The new tax would be 4 per

cent on gross sales of advertising and 2 per cent on gross receipts.

The suits attack its validity on four main grounds that the taxes:

1. Violate federal and state guarantees of freedom of the Press.
2. Impose an improper burden on the free flow of interstate commerce.
3. Deny equal rights by being discriminatory, arbitrary, oppressive and prohibitory.
4. Are beyond the levying power under the City Charter.

## Armed Robbery Suspects Arrested

SNOW HILL, Md., Nov. 25 (AP)—Virginia and Maryland state police rounded up three men today charged with two robberies last Saturday night.

A finance company was robbed of \$500 at Pocomoke City and an hour later the same amount was taken from the clerk at the liquor dispensary at Snow Hill 15 miles away.

Maryland State Police arrested Carlton Bennett, 30, of Falls Church at Culpepper and Russell Cherrish of Chincoteague at Melfa by the Virginia State police.

All three are charged in warrants with armed robbery.

## Cop Accused Of Theft

WASHINGTON, Nov. 25 (AP)—A police private with four years on the District of Columbia force was charged today with grand larceny in the theft of an automobile.

The officer, Pvt. Leonard P. Scott, 26, of Palmer Park, Md., has been suspended from the force and released under \$1,000 bond.

# Supreme Court Denies Couple's Adoption Plea

WASHINGTON, Nov. 25 (AP)—The Supreme Court refused today to hear a Baltimore couple's appeal from a ruling that barred them from adopting a baby because they are not Catholics and are too old.

The couple, Mr. and Mrs. Frank H. Frantum, are Lutherans. He is 54 and she is 48.

They accepted a sickly baby from the Baltimore Welfare Department several weeks after he was born Nov. 5, 1955 and nursed the baby to health. Later, the Maryland Court of Appeals ruled against their adoption request.

Since then, the Welfare Department has approved as suitable adoptive parents for the child a Navy couple who are Catholics. The husband is 32 and the wife 39.

The Frantums, in appealing to the Supreme Court, said the Maryland court had no competence to determine that the child's mother was a Catholic. They said the mother had five children out of wedlock and that none was christened a Catholic. The Frantum's attorneys called the Maryland ruling a violation of the U.S. Constitution because they said it amounted to state aid to the church.

The appeals also said Maryland law says nothing about the maximum age of persons who wish to adopt children.

The child denied the Frantums has been adopted by Navy Lt. Adams and his wife. Both are Catholics. He is 32 and Mrs. Adams 39. The lieutenant is stationed at the Patuxent Naval Air Station.

The couple said the two men had been loading on their truck articles not on their delivery manifest and selling it. They said of the \$40,000 shortage, only \$2,200 set, a rug, chest of drawers, worth of the missing goods had been recovered.

Detectives said they had the world's gainfully employed people pair under surveillance in the are farmers.

# Hunting Arrow, Not Deer, Plea Fails To Impress

BALTIMORE, Nov. 25 (AP)—The U. S. Commissioner didn't believe Roy McCauley's story today that he went hunting a lost arrow and not deer on restricted government property.

McCauley told Commissioner Ernest Volkart he crawled under a fence at the Army Chemical Center in Edgewood to look for an arrow he shot into the air and couldn't find on an earlier hunting trip.

Why did he run and hide from a guard, then, asked John G. Underwood, assistant U. S. attorney? He was scared, replied McCauley.

Commissioner Volkart convicted him and fined him \$75.

## Delivery Men Held For Theft Of Goods

WASHINGTON, Nov. 25 (AP)—Police announced today the arrest of a department store delivery truck driver and his helper and said they had looted the company of \$40,000 worth of appliances and furniture in one year.

Charged with grand and petty larceny were Andrew B. Hall, 34, the driver, and John S. Mitchell, 18, his helper, both employees of The Hecht Co.

Police said the two men had been loading on their truck articles not on their delivery manifest and selling it. They said of the \$40,000 shortage, only \$2,200 set, a rug, chest of drawers, worth of the missing goods had been recovered.

Detectives said they had the world's gainfully employed people pair under surveillance in the are farmers.

# Negro Woman Tests Virginia Racial Statute

ARLINGTON, Va., Nov. 25 (AP)—A Negro woman pleaded guilty in Arlington County Court today to violation of Virginia's segregated seating law. Her attorney immediately gave notice he would appeal to the Virginia Supreme Court of Appeals.

The plea, by Mrs. Marjorie Y. Taylor, 40, came after Judge Paul D. Brown threw out similar cases against three Negro clergymen and apparently was designed to force a new test of the statute's constitutionality.

Mrs. Taylor, who indicated under questioning that her arrest came as no surprise to her, was fined \$20.

Other defendants in court today were the Rev. Thomas A. Robinson, Alexandria; the Rev. Columbus C. Wilson, Falls Church, and the Rev. John L. Winters, Alexandria.

Judge Brown dismissed actions against each of the ministers after declaring he had heard no evidence that the arrests were made during the course of a meeting at Arlington's Swanson Junior High School.

Hecht warehouse last week and saw them load extra goods on their truck and take it to Hall's home. There, police said, they re-stuffed and selling it. They said of the \$40,000 shortage, only \$2,200 set, a rug, chest of drawers, worth of the missing goods had been recovered.

Detectives said they had the world's gainfully employed people pair under surveillance in the are farmers.

## Man Struck With Ax In Critical Condition

BALTIMORE, Nov. 25 (AP)—James Watson, 30-year-old Southern Marylander, was reported in very critical condition today with head injuries inflicted with an ax.

Watson, of Hollywood, Md., was struck with an ax yesterday after a quarrel with a neighbor, Deputy Sheriff Benjamin Burrough Jr. reported.

The neighbor, Samuel Lackey, 29, was charged with assault with intent to kill.

# March Of Dimes Leaders Announced By Chairman

Plans for the 1958 March of Dimes in Allegany County were formulated at a recent meeting at the office of the County League for Crippled Children, according to Louis V. Shinnamon, county chairman.

Announcement was made that Fred H. Anderson, local juvenile magistrate, will again head the Cumberland appeal, with Victor M. Hebb in charge of the South Cumberland program.

Shinnamon said the Mothers March section of the March of Dimes will have Mrs. Elizabeth Nave as chairman. Contributions collected by this section, Shinnamon pointed out, represent a large portion of each year's total.

The January campaign will mark the 20th year of the National Foundation for Infantile Paralysis, the county chairman said. In appealing for support of the March of Dimes, Shinnamon said that contributions in that period have helped finance enormous advances against infantile paralysis.

The fight against the crippling disease, he continued, is nearing completion, but millions of dollars are still needed for the rehabilitation of victims of the disease who are in iron lungs, beds, wheel chairs and on crutches. The national campaign quota has

# Youth Court Had 66 Cases In October

A total of 66 cases was handled in Juvenile Court during October, according to the monthly statistical report of John Jeffries, probation officer.

Of the 66 cases, 29 involved adults and 37 were children. The classification of cases before the court included 30 delinquent minors, six juvenile custody hearings, one other juvenile case, nine adults charged with contributing to the delinquency of minors, four for contributing to the neglect and 16 non-support hearings.

The reasons for the referral of juveniles on delinquent acts were: Three ungovernable, three breaking and enterings, one chronic runaway, nine disorderly

# State X-Ray Program To Be Discussed Today

One of the items which will be discussed today in Baltimore at a meeting of State Department of Health officials and the health officers of the 23 counties will be whether to continue the mass X-ray program in the various counties in the search for tuberculosis.

This year, during the visit of the mobile X-ray unit in Allegany County a total of 7,325 persons had chest X-rays taken. Of this number, 32 persons were advised that some pathological evidence was gained from their X-rays which indicated they should either consult their local physician, or the Health Department for another examination by X-ray.

In Garrett County there were 2,786 persons who had chest X-rays when the mobile unit was in that section. No report on the results has been announced.

Meanwhile, Dr. W. Ross Cameron, health officer in Hagerstown and Washington County, said he is recommending discontinuance of the mass X-ray surveys in search of tuberculosis in his area.

Dr. Cameron said he was accepting a statement by the U. S. Public Health Service that the community wide surveys are no longer needed because of the big drop in tuberculosis cases.

The executive secretary of the Maryland Tuberculosis Assn., Frank Jones, said on Saturday it would continue to make them in areas where the known incidence is high.

Dr. Cameron said the tuberculosis mortality rate in Washington County has dropped from 73.1 per 100,000 population in 1920 to 11.7 last year.

He said the National Tuberculosis Assn. also recently put out a bulletin recommending that any mass X-rays "yielding data of no significance be discontinued."

The disposition of the adult cases included one having the petition withdrawn, one dismissed, one had jurisdiction waived, two referred to the Welfare Board, one committed to a correctional institution, three fined, seven ordered to pay support and 17 ordered to pay uniform support.

A total of \$13,211.08 was collected during the month in non-support payments.

# Celanese To Sell Plant In Virginia

The Celanese Corporation of America has placed its plant at Hopewell, Va., up for sale, according to the Southern Division of Frank G. Binswanger, Inc., Philadelphia realtors.

A Binswanger spokesman said Celanese had consolidated the Hopewell operation in other plant locations. The property contains some 450,000 square feet on one floor and is located on 272 acres.

The plant was a commercial dyeing and finishing unit and was closed early in 1956, as Celanese went out of that type of operation. Dyeing and finishing laboratories and other laboratories were moved to Charlotte, N. C.

Several years ago the dye house operation of Celanese at its Amelle plant here moved to Hopewell. The firm transferred a number of supervisory employees from Cumberland to Hopewell at the time.

## Penn Ave. To Mark Thanks Day

Thanksgiving programs will be presented at Pennsylvania Avenue school tomorrow.

The sixth, seventh and shop grades will present their program at 9:10. It consists of "Over the River," with a special arrangement for flutophones and song bells, directed by Miss Anita Dicken. Pupils of Miss Margaret King, Miss Mildred Beck, Mrs. Margaret Campbell and John Dickey's rooms will sing. There also will be a "Prayer of Thanksgiving," sung by students of Mrs. May Thomas, Mrs. Nellie Graham, Mrs. Bernadine Grove and Eugene Hilton's rooms.

John Fazenbaker's room will do two choral readings, "When the Frost Is on the Pumpkin" and "The First Thanksgiving." The seventh grade Glee Club will sing, "A Thanksgiving Hymn" and "Count Your Blessings Instead of Sheep," accompanied by Gloria Kessner and directed by Mrs. Sally Wheeler.

Fifth grade pupils will center their monthly assembly at 10:30 on Thanksgiving activities with every child participating. It will open with the Scripture reading, "How Thanksgiving Came About." Then "Over the River" will be sung with flutophone, shells and bells accompaniment. Miss Mary Dougherty's room will sing, "Swing the Shining Sickle," and "Come Ye Thankful People Come." The program also includes a dance, "Pat-A-Cake Polka," and four Thanksgiving poems, "A Tale of Turkeys," "The Turkey's Opinion," "The Pilgrims Came," and "Grace for Thanksgiving Day."

## How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not stain. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

**Are You Getting A Bonus For Your Prescriptions?**

You can get a family health bonus from your prescriptions by dating them each time you have them filled. Then discard the dribs and drabs of old prescriptions you have been thriftily hoarding. Do you have any idea what a two or five or even ten year old prescription was intended for originally? Don't give it space in the medicine cabinet. The dating idea is a smart one to apply to your purchases of non-prescription drug items also. Many drugs deteriorate with age, some get weaker, some stronger, bad any way you look at it.

If there is any doubt as to what to keep and what to throw away, ask your Walsh-McCagh Pharmacist. Often, his advice can save you money. Some drug products should be bought only in smallest sizes, but more often, for best results. Others, that are very stable or that are used often, should be bought in large economical sizes. At Walsh-McCagh, our Pharmacists are always ready to give whatever help they can to insure for you and your family a happier and healthier future. Just give us a call and we'll be glad to deliver all your drug needs along with many other health and beauty items.

## IR Group Hears Talk On Turkey

A talk relating to important incidents pertaining to the history of Turkey was given by Mrs. Robert Meals, guest speaker at the meeting of the International Relations Group of the Cumberland Branch, AAUW. The group met Saturday at the home of Miss Virginia Dixon, Fayette Street.

Mrs. Meals, a native of Turkey who has lived here since 1950, explained the reasons for the country's importance in world affairs during the past and at the present time.

She reminded her audience of the many things for which America should be thankful, stressed the fact that America has so much, and pointed out that "such plenty, such opportunities" are mostly taken for granted.

She also made comparisons between life in America and her native land, especially in the matter of education. Mrs. Meals said she would like to see greater emphasis placed upon education, with children being required to maintain higher scholastic standards, to show greater consideration for and appreciation of teachers, and greater respect for scholarly attainments. She also discussed education in continental Europe and in England, where she said there is greater respect for education.

Others attending were Miss Janet Anderson, Miss Margaret Baker, Mrs. William Blake, Miss Lillian Boughton, Miss Annie Gray, Miss Adele Malcolm, Mrs.

 1/4 cup soft shortening  
 1 cup sifted flour  
 2 1/2 teaspoons baking powder  
 1/2 teaspoon salt  
 1/4 cup sugar

Combine whole bran cereal and milk; let stand until most of moisture is taken up. Add egg and shortening; beat well. Sift together flour, baking powder, salt and sugar. Add to cereal mixture, stirring only until combined. Fill greased muffin pans 3/4 full. Bake in moderately hot oven (400° F.) about 30 minutes. Serve immediately.

Yield: 9 muffins, 2 1/2 inches in diameter.

NOTE: If buttermilk or sour milk is used in place of sweet milk, reduce baking powder to 1 teaspoon and add 1/2 teaspoon baking soda.

### HEARTY MEAL INCLUDES DEEP DISH HAM PIE

A hearty meal is in store for the whole family when cheese biscuits crown the edge of a deep dish pie made from leftover ham and green peas. It is a perfect dish for noontime meals when there is little time for last minute meal preparation.

A hearty deep dish meat and vegetable pie made with milk and topped with cheese biscuits will be a favorite with the whole family. It has a perfect blend of flavors and is packed with good nutrition. Milk and cheese provide many of the essential food nutrients necessary in the normal daily diet. Including these important foods in prepared dishes is a splendid way to supplement daily requirements of protein, calcium and other minerals or vitamins. This recipe calls for leftover ham, but other leftover meats, turkey or chicken may be used. Frozen peas add to the quick preparation and provide a colorful and nutritious vegetable. The whole dish is piqued with the flavor of minced onion and green pepper.

#### DEEP DISH HAM PIE

- 1/4 cup butter  
 2 tablespoons minced onion  
 2 tablespoons chopped green pepper  
 1/4 cup flour  
 1 teaspoon dry mustard  
 1 teaspoon salt  
 1/2 teaspoon pepper  
 1 teaspoon Worcestershire sauce  
 2 cups milk  
 2 to 3 cups cooked, cubed ham  
 1 cup cooked, sliced or diced carrots  
 1 package frozen peas, cooked  
 1/2 cup cooked green beans

Saute onion and pepper in butter in saucepan over low heat, blend in flour and seasonings. Add milk stirring constantly and cook until sauce is smooth and thickened. Add ham, carrots, peas, and beans, and pour into casserole. Bake in hot oven, 425° F., 15 minutes.

or until thoroughly heated. Top with cheese biscuits and bake until biscuits are browned. Makes 6 servings.

#### CHEESE BISCUITS

- 1 cup sifted flour  
 1/2 teaspoon salt  
 2 teaspoons baking powder  
 1/4 cup shredded cheese  
 3 tablespoons butter  
 1/2 cup milk

Sift flour, measure, sift with baking powder and salt. Add cheese to dry ingredients; cut in butter with pastry blender until the size of rice. Add milk, mixing with fork. Pat dough out on a lightly floured board, the shape of the casserole. Cut into pie shaped wedges or round biscuits and place on top of pie. Bake in a hot oven, 425° F., 15 to 20 minutes, or until biscuits are browned. Makes 5 or 6 biscuits.

### Luscious—Fresh Prune Pinwheels

The season on Idaho's Fresh Italian Prunes, or "purple plums" as they are sometimes called because of their silvery-purple skins, is so short that the wise little lady stows some away in her freezer to enjoy, for many months, delightful treats such as this dessert—Fresh Prune Pinwheels.

These dusky beauties—raised in Idaho where they do seem to grow larger, sweeter, and even more delicious—are the easiest of all fruits to freeze. No peeling, no blanching; no worry over fruit turning dark; no fuss in removing seeds, for these are "free stones"; no fancy syruping. The prune halves, sugared lightly and properly packaged, will keep frozen for a year to be enjoyed in many ways—thawed for breakfast: as compotes, cobbles, coffee cakes, puddings, pies, and many another dish. But, fresh or frozen, do try

#### Fresh Prune Pinwheels, Idaho

##### Filling:

- 4 cups coarsely-chopped Idaho Fresh Italian Prunes  
 1/2 cup sugar  
 1/2 cup coarsely-chopped walnuts or pecans  
 3 tablespoons melted butter

Combine and mix together well.

##### Pastry:

- 2 cups sifted all-purpose flour  
 3 teaspoons baking powder  
 1/2 teaspoon salt  
 1/4 cup sugar  
 1/2 cup shortening  
 1 egg, beaten  
 1/2 cup milk

Combine and sift dry ingredients into mixing bowl. Cut shortening into dry mixture, using pastry blender or two knives. Add egg and milk, combined. Stir lightly with a fork until a soft dough is formed. Turn onto lightly floured pastry cloth or board. Shape into ball. Roll into rectangle 3/4-inch thick and 15 inches long.

Spread 1 1/2 cups of Fresh Prune filling over pastry. Pour remaining mixture into buttered 9-inch square baking pan. Roll pastry tightly like a jelly roll, starting at wide side. Seal edges. Cut roll into 12 even slices. Place slices, cut side up, on fruit mixture. Bake in a 350 degree F. (moderate) oven until cooked, about 50 minutes. Serve warm, with plain or slightly sweetened whipped cream and a sprinkling of cinnamon.

Yield: 12 pinwheels or 6 to 8 servings.

#### Mincemeat Bran Muffins

- 1 cup whole bran cereal  
 1/2 cup milk  
 1 cup prepared mincemeat  
 1 egg  
 1/4 cup soft shortening  
 1 cup sifted flour  
 2 1/2 teaspoons baking powder  
 1/2 teaspoon salt  
 1/4 cup sugar

Combine whole bran cereal, milk and mincemeat; let stand until most of moisture is taken up. Add egg and shortening and beat well. Sift together flour, baking powder, salt and sugar. Add to first mixture, stirring only until combined. Fill greased muffin pans 3/4 full. Bake in moderately hot oven (400° F.) about 30 minutes. Serve immediately.

Yield: 12 muffins, 2 1/2 inches in diameter.

### Chicken Herb Bake

- (Makes 4 Servings)  
 1 (2-lb.) broiler, cut into quarters  
 3/4 cup flour  
 1 1/2 teaspoons salt  
 1 1/2 teaspoons paprika  
 4 tablespoons butter  
 2 tablespoons water  
 3 cups liquefied instant nonfat dry milk  
 1/2 teaspoon pepper  
 1/2 teaspoon garlic salt  
 1/2 teaspoon oregano

- 1/2 bay leaf  
 1 (3-oz.) can broiled mushroom slices, drained  
 1/2 cup blanched almonds, sliced

Combine 1/4 cup of the flour, 1 teaspoon of the salt and 1/2 teaspoon paprika in paper bag. Place pieces of chicken in bag, one at a time; shake bag gently to coat chicken. Melt butter in skillet; brown chicken in butter on both sides until golden brown. Add ping with sauce.

### Coffee Cake

- 1 1/2 cups sifted flour
- 2 teaspoons baking powder
- 1 teaspoon salt
- 1/4 cup shortening
- 1/4 cup sugar
- 1 egg
- 1/2 cup milk
- 1 cup sugar coated corn flakes
- 3 tablespoons soft butter or margarine
- 1/4 cup shredded coconut
- 1/2 cup drained crushed pineapple

Sift together flour, baking powder and salt. Blend shortening and sugar; add egg and beat well. Stir in sifted dry ingredients alternately with milk, being careful not to overmix. Spread in greased 9 x 9 inch pan. Crush sugar coated corn flakes slightly. Blend butter and honey; stir in shredded coconut, pineapple and sugar coated corn flakes. Spread over batter. Bake in moderately hot oven (400° F.) about 35 minutes.

### Hearty Fare for After-Game Buffet

Entertaining at a buffet supper after a football game is easy when the main course features Jumbo Cereal Flake Hamburgers. All ages enjoy juicy hamburgers served hot from a table grill in a toasted bun with favorite garnishes.

Cereal flakes are so quick to use in making hamburgers. They are easy to crush, thus eliminating the tedious job of crumbling bread. Juiciness and flavor are improved by the addition of cereal flakes. Main dishes are but one of the many ingredient uses of breakfast cereals. Cookies, confections, muffins, breads, and pies take on new flavors and textures by the addition of breakfast cereals. Cereals make important nutritional contributions of high-quality protein, essential B vitamins and minerals, in addition to food energy.

Hostesses who enjoy entertaining try to do as much advanced preparation as possible. Jumbo Cereal Flake Hamburgers can be prepared and shaped early in the day. A mold helps to make uniform-size hamburgers. For easy handling, place squares of waxed paper between each patty and refrigerate until time to grill. This recipe adapts itself to freezing. Simply prepare the individual patties, wrap in a moistureproof freezer paper and freeze.

The buffet table can be set before the game. Relishes can be prepared early in the day. After the game, heat the grill, cook the hamburgers, place potato chips and relishes in serving dishes, prepare a tray with mugs of instant cocoa and chilled milk and presto, supper is ready!

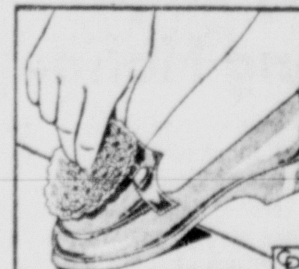

For a quick and easy dessert roll balls of ice cream in pre-sweetened rice cereal and serve with fruit or chocolate sauce.

- Jumbo Cereal Flake Hamburgers**
- 2 cups corn flakes, slightly crushed
  - 1 1/2 pounds ground beef
  - 1/2 cup chopped onion
  - 2 teaspoons salt
  - 1/4 teaspoon pepper
  - 3/4 cup milk, water, or tomato juice
  - 2 tablespoons fat
- Mix ingredients together thoroughly. Gently shape and flatten 8 patties. Heat 2 tablespoons fat in skillet or on griddle. Cook patties to the doneness desired, 3 to 8 minutes over medium heat, turning once. If preferred, broil until done on a rack 6 to 8 inches from a bed of glowing coals, turning once. Yield: 8 hamburgers.

### Cinnamon Nut Loaf

- 3 tablespoons butter
  - 1/4 cup sugar
  - 2 eggs, slightly beaten
  - 1 cup raisins, if desired
  - 2 1/2 cups flour
  - 1/4 cup (one envelope) instant nonfat dry milk powder
  - 3 teaspoons baking powder
  - 1/2 teaspoon salt
  - 1 cup water
- Cinnamon Mixture:**
- 1/2 cup brown sugar, firmly packed
  - 2 tablespoons flour
  - 2 teaspoons cinnamon
  - 2 tablespoons melted butter
  - 1 cup coarsely chopped walnut meats
- Cream butter; gradually add nuts. Pour one-third of batter; sugar; beat until light and fluffy. Into (9 x 5 x 3-inch) loaf pan. Add eggs; mix thoroughly. Stir in which has been greased, waxed raisins, if used. Sift together paper lined and greased again; flour, instant nonfat dry milk powder and salt. Sprinkle with one-half of the cinnamon mixture. Repeat ending. Add dry ingredients alternately with water, beginning and ending (325° F.) 55 minutes; increase with dry ingredients. Combine oven temperature to hot (400° F.) brown sugar, 2 tablespoons flour, for 5 minutes or until top is gold-cinnamon, melted butter and wal-nut brown.

### WIFE PRESERVER

If you're forever getting wet feet doing some particular chore like laundry, you might invest in a pair of plastic shoes. Made with plastic uppers and vinyl plastic foam soles, they dry quickly. And since they can be wiped clean with a sudsy sponge, they're good for gardening and other muddy tasks.

## City Employes Granted Long Holiday Weekend

City employes will get a long weekend in connection with the observance of Thanksgiving.

City offices and departments will close at 5 p. m. Wednesday and not reopen until 9 a. m. Monday, under an order approved by the Mayor and Council yesterday.

Other routine activity yesterday included appointment of Robert C. Blake as a probationary member of the Fire Department effective Nov. 20 and acceptance of the resignation of Charles H. Deter from the same department.

A complaint of Community Baking Company against the percentage used in arriving at the sewage use charge was referred to City Engineer Charles R. Nuzum, who with Street Commissioner William H. Buchholtz, was absent from yesterday's meeting because of attacks of flu.

Council also approved issuance of a license to Cumberland Outdoor Club to operate a parking lot at 129 Frederick Street. The lot will accommodate 21 to 50 cars.

## Four Damage Suits Filed In Fatal Accident

Four damage suits were filed in Circuit Court yesterday as a result of a fatal highway crash last May 18 on U. S. Route 219, three miles south of Keyser Ridge, in which a Cumberland woman died three days later and her daughter was badly injured.

Total damages asked are \$175,000 with the plaintiffs being Philip T. Christ, father of Mrs. Patricia L. Trenton who died three days later after the crash, and Cynthia Trenton, her 11-year-old daughter who was injured in the crash.

The defendant is Raymond J. Wempe, 614 Elwood Street, who was driving Mrs. Trenton's car at the time.

Christ, administrator of the estate of his daughter, asks \$60,000 damages for the estate and also for use of the Potomac Insurance Company of the District of Columbia. Another \$60,000 is asked by Cynthia Trenton, through her grandfather, Christ, who is her guardian, for her injuries about the head, body and legs. The declaration states the child was permanently disfigured by the injuries. An additional \$50,000 is asked for the child for the loss of the love and care of her mother and the permanent injuries she suffered.

The fourth suit is for \$5,000 for hospital and medical bills incurred in the treatment of the child over a long period of time. The attorney for the plaintiff in all four cases is Harry L. Stegmaier.

Mrs. Trenton was an employee of the C&P Telephone Company and she and Wempe were driving to Deep Creek Lake with Mrs. Trenton's daughter at the time of the crash. The car left the highway at a curve and smashed into a tree. Mrs. Trenton died May 29 in Meyersdale Community Hospital.

Radium will halve its value in approximately 1,800 years.

## City Approves Payment For Filter Alterations

Payment of \$25,555.82 as final estimate No. 19 for the Lake Gordon filter alterations was authorized by the Mayor and Council yesterday.

Before approval, however, council voiced its approval of certain emergency work over and above actual contract costs in the amount of \$31,327.55. This came under the classification of emergency work since a side had fallen out of the clear well and when the contractor started on the old filters it was found piping had to be replaced. The extra work involved both piping and buildings.

Contractor for the project is George F. Hazelwood Company. Although most of the machinery and equipment has been in use two years, the city retains \$4,602.24 for the year beginning April 30, as a retainer of good faith on the part of the contractor.

Council, on another matter, referred to City Engineer Charles R. Nuzum and City Attorney Thomas B. Finan a request from William M. Somerville that the sewer lien on Lot 78 on Somerville Avenue be waived. He said he had donated six lots in connection with extension of First Street and the extension through his property was of no beneficial interest to him.

John J. Mitchell, 118 Winton Place, submitted a letter from T. J. Klauenberg, Cumberland Division superintendent of the B&O Railroad, on the subject of excessive blowing of Diesel whistles. Klauenberg said he had looked into the matter and it would be restricted to necessity.

Mayor Roy W. Eves said he had also talked to Klauenberg and been told whistles are blown for the safety and protection of employees. Any other than that is

to be stopped, Eves said he was advised.

The matter was brought up several weeks ago by Street Com-

missioner William H. Buchholtz who said he had received a number of complaints about the whistle-blowing practice, particularly during the night hours.

Mrs. Frank White, Wempe Drive, voiced three complaints. She pointed out again that a ditch in the area of her property through which sewage seeps had

not been repaired; and also voiced opposition to the amount of her combined water-sewage treatment bill.

Mrs. White repeated her appeal of a week ago, that council ask the local bus company to increase bus service in the Wempe Drive area. There are no buses

after 6 p. m. weekdays and none at all on Sundays, she said.

Mrs. White suggested that "If the bus company would drop fares to 15 cents and then keep its schedule, people would patronize it."

## Nasser's Vitriol Campaign Stops

President Nasser of Egypt has abruptly called off his violent propaganda campaign against King Hussein and the pro-Western government of Jordan, and well he might. The campaign had turned out to be a resounding flop.

If Nasser had hoped to rally the Arab world around him and incite the assassination of Hussein, he has failed in both aims. The rioting and turmoil in Jordan which the Egyptian president hoped to produce failed to materialize.

And it appears that he has further alienated influential Arab leaders such as King Saud of Saudi Arabia and King Faisal of Iraq. At any rate, they appealed to him to call off his baying dogs of press and radio on the ground that "these campaigns will benefit only the enemies of Arabs and Moslems."

There is another reason why Nasser may have decided that it might be prudent to halt his vitriolic propaganda since it was producing no visible results in Jordan. This is the fact that the new crisis he was attempting to stir up was bound to affect his current efforts to restore his shattered economic ties with the West.

Nasser has found Soviet performance less glittering than Soviet promises. He still has a major portion of the current Egyptian crop on his hands with no buyers in sight. With Egypt's economy in desperate shape he is believed to be in a receptive mood for a deal in which Egypt would offer a settlement of the Suez Canal claims in return for a measure of Western economic aid.

Cessation of the propaganda does not reflect a change in Egypt's attitude toward Jordan. Nasser has a violent hatred for Hussein. He will do anything he can whenever he can to bring Jordan into an Egyptian-Syrian bloc under Cairo's control. Obviously it would be necessary first to get rid of the king.

But any lessening of the tension is welcome, even if it is only momentary and if it has come because Nasser has other fish to fry.

## These Days

By George E. Sokolsky

### Poor, Old Joe

My dog, Joe, now is a juvenile delinquent and his amah has been summoned to the Magistrates Court to explain his misconduct. The offense occurred at 7:45 A. M. The summons was dated November 28, but it should have been dated November 20, which shows that the police are on their toes. Whether Joe can be held on a charge of a misdemeanor that occurred eight days before the police say it did, I do not know. Perhaps learned counsel should be consulted on the subject. Surely a Supreme Court that is so gentle with offenders, will consider the constitutional rights of a dog to be charged properly for his errors of commission.

What seems to have happened to Joe is that at 7:45 A. M., when only dog-lovers are in the park, giving their charges a little breather of so-called fresh air in a grimy and sooty city, he was permitted to take a short run off the leash but in the presence of his amah to whose instructions he obediently and swiftly responds with unhuman-like obedience.

Poor Joe! A cop was hiding behind a bush, laying for dogs who might be enjoying a moment of chasing their tails. Fiercely, he turned on the culprit, wrote out a summons, got the date wrong in his excitement and anxiety. And now, the amah will have to go to court and be fined for permitting Joe to move about without a leash, which is clearly against the law.

Actually, Joe was not being looked after by an amah, which is Chinese for a nana which is universal for a woman who looks after a child, but by a cook who happens to like a dog. Why this particular cook did not get into a hassle with the policeman who got his dates wrong, I do not know. She likes to hassle and can be sharp-tongued. Also, I am told, Joe did not even bark at the cop, which shocked me, as he barks at everybody, being a loquacious dog with a keen sense of humor and a rejection of the theory of man's superiority.

Incidentally, Joe was named after a certain Senator from Wisconsin who was my friend. I received the dog as a gift while the Senator was being tried before the world in the hope that men would have a low opinion of him. He is now dead.

There was a time when I used to take Joe out for his morning walk myself, rain or shine, snow or slush. But alas and alack! That has now been forbidden, along with smoking good cigars, eating well-cooked food, and other virtues of life of which I am deprived.

It used to be fun, going out early in the morning. There, on a park bench, slept a lush, his bottle, now empty, lying close to him on the ground. Some time, during the day, some child would undoubtedly pick up that bottle, perhaps suck the edges for the sweet taste of the beverage or cut its little fingers after it smashed the glass. Maybe, in due course, the child will become an alcoholic, as the book says.

We used to have a kind of voluntary dog-lovers association. We would talk about this and that and our dogs would scamper about and we always beat the cop to the leash. In fact, we had a system of signals like real criminals, so that whenever a dog-hating cop, in or out of uniform, appeared on the scene, the signal was made known and all dogs were rapidly put on leashes. Also, we had signals against certain bad dogs; those that bit man or dog; those that could not play like ladies and gentlemen.

I had a favorite squirrel named Peter. Joe knew Peter very well and they like to talk to each other. As Peter got around and knew all and could see all, he must have told Joe plenty.

Peter the squirrel hated certain queer people who gathered in the park for improper purposes and Peter made a noise about them. He wondered why dogs might not have a little fun in the parks in the early morning and late in the evening, if these funny people were allowed to hold hands there.

## Government Gets Grimmiest Warning In History

By Stewart Alsop

WASHINGTON.

The American government has recently been presented with just about the grimmest warning in its history. The warning took the form of a report to the President and the National Security Council by a committee initially headed by H. Rowan Gaither, Jr., formerly president of the Ford Foundation.

When the Gaither Committee was appointed, its basic assignment, as this reporter noted last August, was to study the means of defense against atomic attack. But as time went on, it became obvious that it was useless to consider our defense without also considering the Soviet offense.

The committee, moreover, was made up of brilliant men with wide experience in the whole defense field—men like former Secretary of Defense Robert Lovett, his deputy, William Foster, and former Chief Policy Planner Paul Nitze. Such men could not be expected to confine themselves simply to essentially peripheral matters like civil defense.

Work Broadened

Instead, the work of the committee broadened until it encompassed almost the whole East-West balance of power in the new weapons. In the process, the brilliant civilians on the committee closely consulted the country's leading scientists. Both James Killian, newly appointed Chief Scientific Aid to the President, and Isidor Rabi, chairman of the President's Scientific Advisory Committee, played a major role in preparing the report. Dr. Jerome B. Weisner, of M.I.T., who had the task of marshalling the views of the scientific community, also made a point of bringing in large numbers of the younger generation of scientists for consultation.

Thus the report represents the consensus of just about the best scientific and non-scientific brains in the country. Their

judgment was based, moreover, on all the most recent and most reliable intelligence on comparative Soviet and American air-atomic and missile power. The report considers many subjects, including such matters as the shelter program. But the really important conclusions which amount to a stern warning, may be summarized as follows.

First, the Soviets are so far ahead of this country in the missile race that it will not be possible fully to overtake them before 1960-61, at the earliest. Second, this interval in which the Soviets will be ahead represents an unprecedented danger, not only to the civilian population as a whole, but to the bases of the Strategic Air Force, which has been the shield of freedom. Third,

every possible interim measure must therefore be taken, to defend not only your civilian population but our retaliatory power during the period of maximum danger to overtake the Soviets by 1960-61, and to take the necessary interim measures, which require additional outlays amounting to many billions of dollars.

Real Impact

At another time, these authoritative but somber conclusions might have been filed and forgotten, as has happened before. But this time, thanks in part to the launching of the Sputniks—which may well be the luckiest thing that has ever happened to this lucky nation—the report may have real impact. Indeed, it has already had an impact, in the

## Chico Marx's Tax Troubles Raise Question Of Law's Inequalities

By Drew Pearson

WASHINGTON — Chico Marx, member of one of the most famous teams in show business, "The Four Marx Brothers," has been having trouble paying his taxes. He owes \$77,564.

The tax laws are written so that a Texas oil man can write off 27-1/2 per cent of his taxes on oil depletion; or the owner of the King Ranch can depreciate a prize bull in five years on his taxes; or an industrial concern can depreciate the cost of a new factory as quickly as five years—if it can get a special tax necessity certificate.

But the tax laws are not written to depreciate the skills of an actor who must sweat years in front of the footlights or the TV cameras; the abilities of a doctor who must answer sick calls night and day; or a lawyer who spends years getting his training; or a writer who pounds the typewriter night and day. They don't get the same privileges as an oil man or a fancy cattle dealer.

So Chico Marx, rising from poverty on the sidewalks of New York, has gone back to poverty. During the peak years of his earnings he, together with Groucho, Harpo, and Zeppo were taxed millions. But Chico, now 69, is suffering from heart trouble. He obtained an engagement of the "straw hat" circuit last summer, but became ill and had to quit.

Finally the Treasury agreed to a compromise whereby Chico, real name Leo C. Marx, will pay

\$25,000 to be put up by his brothers. After that Chico will pay Uncle Sam any money he makes each year above \$7,000 for the next five years. At the age of 69 it won't be much.

NOTE—The Eisenhower administration could wipe out its debt ceiling troubles by removing or reducing the 27-1/2 per cent oil depletion tax allowance. This would give it enough money to pay for plenty of missile research. However, with a former Texas oil man, Bob Anderson, now Secretary of the Treasury; with Speaker Sam Rayburn and Democratic leader Lyndon Johnson, both of Texas, watching tax changes in Congress; and with Texas oil millionaires Clint Murchison and Sid Richardson among the heaviest contributors to Eisenhower's campaign, this isn't likely to happen.

Scrap Iron Monopoly

When you talk about the scrap iron industry most people think of the rusty farm machinery, the tin cans and other junk that's picked up around the countryside. They don't realize the scrap industry is so essential that our steel mills cannot operate without it and that the Roosevelt Cabinet held harried meetings before Pearl Harbor over whether scrap shipments should continue to the Japanese. The fact that they did continue was one of the scandals of the Roosevelt administration.

Today another scrap iron scandal, this one an antitrust scandal, is being probed in leisurely fashion by the Federal Trade Commission and the House Small Business Committee. Both are so leisurely that a lot of small scrap iron dealers may be out of business before they finish.

The antitrust scandal is that one company, alone, Luria Brothers Company, Inc., of New York and Philadelphia, exports around 50 per cent of all the scrap iron from the United States.

Much of this scrap is purchased by foreign countries as a result of foreign aid advanced to them by the United States. Yet that foreign aid chiefly benefits one big scrap iron company, Luria Brothers.

Even more significant, the best deal Luria Brothers got was when Harold Stassen was head of the Foreign Operations Administration and when, simultaneously, Luria's lawyer, Morris Wolf of Philadelphia, leading

## 1964 Olympics

By Bob Considine

EN ROUTE TO WARSAW, Nov. 25 — (INS) — Russia has applied for the 1964 olympic games, Nikita Khrushchev told us during a 15-minute informal chat with Bill Hearst and Frank Conner after our lengthy formal interview with him.

The round, little Communist strong man took the occasion to deny that he would make the team. He will be 66 at the time.

"We have a lot of good runners," he said with much gravity. "However, I'll run if asked, although I prefer to be held in reserve."

We asked him how he kept in shape. Despite his pot, Khrushchev moves about with the agility of a good blocking back. The innocent question provided him with an ideological opportunity and he snapped at it like a trout snares a fly.

"I live honestly," he said. "I devote my time to doing my best for the party. I try my hardest to help the people. I work for peace and not war and that's what keeps me healthy."

Khrushchev pointed to a model of the TU-104 jet transport on his desk and asked if we had seen the colossal TU-114, the new Russian propjet which the Soviet Union hopes to put in world airline competition carrying 120 passengers.

We told him, "no," but that we would like to.

Khrushchev snapped his fingers. "I will have a word with academical Tupolev." Tupolev is the designer. We said he is a very good one too, as we learned when we flew in his jet from Prague into Moscow at nearly 600 mph.

The Communist Party leader's lower lip came out a truculent half inch or so.

"Yes, but your people would not let it land in New York when it took our United Nations delegation there a short time ago," he said aggressively.

"That's nothing," Hearst said. "The New York Port Authority wouldn't let our own jet—the Boeing 707—land there the day it set a transatlantic record. This was no discrimination

against Russia. It's just that the Port Authority felt that the noise vibration would break windows in the area of Idlewild Airport."

Khrushchev considered the explanation as it was translated to him. Then he said, "You must have bad windows in your country. Ours don't break." There was pride in his voice.

"If you want to show us the TU-114, why not order academical Tupolev to send us back to New York in it," one of us said to him.

Khrushchev shook his head, grinned his goldtooth smile, bowed briefly to Hearst and said, "as yet we have only a prototype of this plane. It has not completed the tests before going into production. With the plane in that condition we would not think of endangering the life of such a distinguished capitalist."

Ever since passing through Czechoslovakia several weeks ago I have been trying to find space for an item which would send a chill through the length and breadth of American womanhood. It's an official statement from the Czech government which reads as follows:

"The Prague Health Department is making preparations to open a 'cosmetic house' which will have nothing in common with 'beauty salons' of the West. The appearance of Czechoslovak ladies will be attended to under strict medical supervision. A physician will first examine every woman and prescribe either massage or treatment with rays. In certain cases a gynecologist or some other specialist will be called in for consultation. Plastic operations can also be undertaken in the 'cosmetic house.' Physicians will also recommend a correct diet suitable for physical culture."

"This service for beautifying women will not be gratis. However, it will be a serious service and medical supervision will ensure that it does not become a 'business.' There will be no hairdressers, no manicurists or pedicurists."

## Baering Down On The News

By Arthur "Bugs" Baer

—Skeet shooters will go after the optional bird from the high oven Thursday.

There are prettier birds than the turkey. But not on a plate.

The eagle flies higher, the lark sings sweeter and the robin's egg is bluer. But there isn't enough meat on the three of them to stuff an olive.

The stuffings are important too. We have an old recipe the family has been in for two hundred years. Chopped green peppers, first run bread crumbs, nuts to you, parsley, paprika, cracked corn, bird seed, eggs, sausages, butter, celery and sweep up the kitchen.

## Surgery Often Needed For Diverticulosis

By Dr. Theodore R. Van Dellen

Diverticulosis of the bowel becomes more prevalent with the years. By age 85, two-thirds of all octogenarians have these lesions but no distress occurs unless infection supervenes.

Diverticula are pea sized pockets that protrude from the wall of the large intestine. They start as localized areas of weakness which pop out when the colon is distended with gas or food. Many individuals have hundreds of these lesions but never know it unless X-ray is taken. On the other hand, if one or more become infected, discomfort is acute.

Symptoms resemble appendicitis, with fever, severe pain, and tenderness over the involved area. In contrast to appendicitis, distress usually is felt in the left abdomen because the majority of diverticula are located on that side. The temperature goes up when inflammation is acute. Barring complications, the attack generally subsides within a week or 10 days.

Recovery is speeded by remaining in bed during the first few days of the illness and adhering

to an ultra-bland diet consisting chiefly of liquids and soft foods. Heat gives relief and one of the intestinal sulfonamides or antibiotics will combat infection.

These bouts tend to come and go. They are encouraged by periods of distress or over-indulgence. Many have trouble after drinking too much at a cocktail party or during a convention, because alcohol causes congestion and irritation of the inner lining of the bowel as well as of the out-pockets. Lowered tissue resistance encourages intestinal bacteria to invade the diverticula.

As a rule the victim is comfortable between attacks, provided he eats judiciously and is moderate in his living habits. But repeated attacks lead to complications such as adhesions, abscesses, or bleeding. Surgery is advised when the person has more days of discomfort than of comfort because of diverticulitis. The affected portion of the intestine is removed and the continuity of the bowel reestablished. This is a major operation but the technique is well known and safe.

TOMORROW: Mouth cancer.

EATS COFFEE

D. J. writes: I've been eating ground coffee (uncooked) for 30 years without ill effects but my husband keeps nagging me about it. Do you think this practice is harmful?

REPLY

I: The habit has not proved harmful to date, I doubt if it will in the future.

## Try And Stop Me

By Bennett Cerf

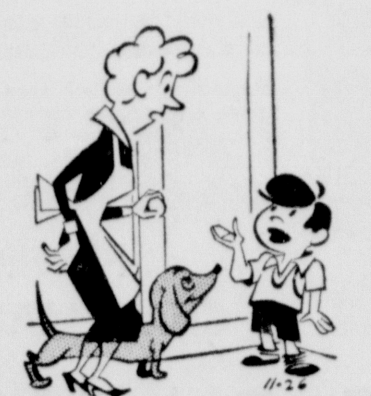

A very small boy went through a big apartment house, door to door, informing tenants, "I walk dogs. Puppies and bigger ones I'll take clear around the block—including all stops—for a quarter. Great big dogs are only a dime."

"How come," asked one tenant, "that you charge less for great big dogs?"

"I don't walk 'em," explained the youngster. "I ride 'em!"

A tourist had a disconcerting experience at a filling station in Sarasota, Fla. A 36-inch midge—a refugee from a nearby circus—came out and asked, "What'll you have?" Only thing the tourist could think of to say was, "Small world, isn't it?"

Teacher of a class of 10-year-old

boys had them write a composition on "Why I love my father." Little Claude won all the marbles with this memorable last line: "My pop never passed the seventh grade, yet he's just as smart as if he was in the eighth."

# Rotary Club Raises \$1,100 At Auction

Fund To Benefit  
Public Library

FROSTBURG — Over \$1,100 was raised Saturday in the Rotary auction according to the preliminary report given last evening to the Frostburg Rotary Club by F. Earl Kreitzburg, who served as auctioneer.

In his report Kreitzburg pointed out that a number of accounts have to be settled which will raise the figure.

Peter Lukas, who served as general chairman, stated that the auction was stopped around 6 p.m. after the crowd had thinned out. A number of items were unsold. He revealed that plans are being made to market the unsold items and that an announcement will be made publicly as soon as the committee makes final arrangements.

Ralph M. Race presided at the meeting in the absence of the president. He introduced the speaker, Rotarian Wayne Hill who spoke briefly on "Looking Ahead with Science." Hill stated that the development of science has been greatly accelerated during the last 50 years. He said, "From the beginning of man until 1620 approximately 33 per cent of the science we know it had been discovered. From 1620 until 1900 another 33 per cent was developed and since 1900 we have seen science advance another 33 per cent. If science keeps up this acceleration, and all things point that way," he predicted, "by the year 2,000, the present 1957 will look like 1620 does to this generation."

Hill then pointed out that in 1939 two world shattering events happened: World War II began; and the splitting of the atom in Germany. He said this began a chain of events of "which we have only seen the beginning."

Earl F. Brain will be in charge of next week's program. Max Bastian, a member of the Cumberland Rotary Club was a visitor.

# Whitworth Named To Committee On Election Of Judges

WESTPORT — Horace Whitworth, attorney, has been named to a committee of the Maryland Bar Association to study a proposal to permit candidates for judgeships to by-pass primary elections.

The committee was appointed by G.C.A. Anderson, as a result of a proposal brought forth at the bar association's convention last June in Atlantic City. The idea would change the method of electing judges.

It would provide for a selection commission of three lawyers, three laymen and the chief judge of the Court of Appeals which would nominate three persons for a single vacancy on the bench.

From the three, the governor would select one to be judge. After serving a year on the bench, the judge would have to run for election, except that he would not be required to face a primary fight.

Other attorneys appointed to the committee include: J. Cookman Boyd, Jr., Douglas N. Sharretts, Hyman A. Pressman, Wilfred T. McQuaid, all of Baltimore; K. Thomas Evergum, Denton; F. DeSales Mudd, LaPlata and James H. Pugh, Rockville.

# Judge Snyder Speaks To Club On 'Democracy'

ROWLESBURG—Judge Melvin C. Snyder, of Kingwood, spoke on "Democracy" at the dinner of the Rowlesburg Business and Professional Women's Club in the Howard Hotel.

Mrs. Paul Funk was one of three members of the club called for jury duty in October. The first local woman to serve on the petit jury, she gave a resume of her experience. Other members called were Mrs. Mary McCrobie and Mrs. Freda Faris.

The legislation committee, under the chairmanship of Miss Marguerite Ayersman, and the public affairs committee of Mrs. W. P. Jamison arranged the program. In the absence of the president, Mrs. Homer Henline, Vice President Miss Helen Carrico presided over the business session that followed the dinner.

It was pointed out that the rummage sale is open each week day from 1 to 2 p.m. in the Nassif building on Church Street. Mrs. Funk Hunter and Mrs. Susan P. Funk are in charge. The annual Christmas gift exchange will be held at the next meeting December 17.

# 8 Convicted In Turnpike Conspiracy

Elkins Defendant  
Gets Postponement

HARRISBURG, Pa. — A Dauphin County Court jury convicted eight men of conspiring to defraud the Pennsylvania Turnpike Commission of almost \$500,000.

The jury of six men and six women deliberated for just over two hours.

Four others pleaded guilty to conspiracy charges at the opening of the trial. A thirteenth defendant was granted a postponement because of illness.

The Commonwealth accused the defendants of conspiring to fleece the commission through the sale and delivery of silt to stabilize a section of the toll road's northeast extension.

The maximum penalty for conspiracy is a two-year prison term and \$500 fine, or both.

Convicted on the conspiracy charge were Donald H. Burkert, of Ashland; Roger A. Hines, of West Pittston; Evan Moses, of Wilkes-Barre; William Lipfert, of Trucksville; Francis Chiazza, of Carteret, N. J.; Walter Ketas, of Clarks Summit; Robert Harvard, of West Pittston, and Joseph Rogers, of Scranton.

Those who pleaded guilty and turned State's evidence during the trial were John H. Munley, of Archibald; John F. Williams, of Clarks Summit; Mario Fronduti, of Dalton, and George W. Oswald, of Dunmore.

David R. Jones, of Elkins, W. Va., was granted the trial postponement because of illness.

The Commonwealth claimed that the alleged conspiracy concerned a contract given Manu-Mine Research and Development Company, Reading, The Rogers Brothers Construction Company, Scranton, held a sub-contract to provide the road bed filler which was to be flushed into mine voids under Manu-Mine supervision.

Manu-Mine figured prominently in a conspiracy trial last July in which five men were convicted of attempting to defraud the Turnpike Commission of \$19,500,000.

Defense attorneys indicated they would appeal for new trials. The Commonwealth contended that officials and employees of the Rogers firm paid bribes of \$50 and \$100 to Manu-Mine inspectors who, they said, handled fake weight slips.

The prosecution said the commission was billed for almost \$500,000 for silt which Huette F. Dowling, district attorney, said was never delivered.

# Council Rejects Railing Request

ROWLESBURG — A request for railing along steps leading from Center Street to Route 72 at the B&O crossing was turned down at a recent meeting of the Mayor and Council.

Town officials pointed out that the steps are on railroad property.

In other action, Walter Wable presented council with money left over from last year's Christmas treat. The surplus will be used this year.

Several reports were submitted by Councilman A. M. Liston, and A. J. Funk, purchasing agent, was authorized to purchase necessary fittings for water meter connections at Well 1.

Recorder Charles E. Phillips presided in the absence of Mayor Richard B. Weltman who is a patient in Baker VA Center, Martinsburg.

# Keyser Lands Four Players On PVC All-Conference Team

## Six Schools Given First Team Berths

Achievement Award Voted For Players; Cage Dates Are Set

Six of the ten schools competing in football in the Potomac Valley Conference earned places on the 1957 All-Conference team selected last night by the coaches at the annual fall dinner meeting of the circuit at the Old Homestead Hotel, Burlington.

Keyser High School, winner of the conference championship for the fourth consecutive year and victorious in 20 straight games, placed four players on the first team while Moorefield and Circleville had two places each and Berkeley Springs, Petersburg and Romney had one apiece.

Eight schools were honored with places on the second all-conference eleven with West Virginia School for the Deaf, Petersburg and Berkeley Springs each landing two berths.

All-Conference teams named were as follows:

**First Team:**

Ends—Burr Hartman, Romney; Robert Keller, Keyser.

Tackles — Ralph Bean, Moorefield; Melvin Davis, Keyser.

Center—Herbert Rankin, Berkeley Springs.

Guards—Wayne Bennett, Circleville; Thomas Harman, Keyser.

Backs—John Frye, Petersburg; Gary Keedy, Keyser; Charles Teter, Circleville; Jimmy Vetter, Moorefield.

**Second Team:**

Ends — Gerald Murphy, Franklin; Billy Trader, West Virginia Deaf.

Tackles — Bruce Mongold, Petersburg; Bill Murphy, Southern.

Center — Billy Keller, Moorefield.

Guards — Glenn Marshall, Petersburg; Sterling Morris, Ridgeley.

Backs — Gayle Braithwaite, Berkeley Springs; Joe McCoy, Berkeley Springs; Bobby Moon, West Virginia Deaf, and Mark Wenzel.

Trophies were voted for 1957 championship teams as follows:

Baseball — Moorefield, champion, Elk Garden, runner-up.

Track — Ridgeley, champion.

Football — Keyser, champion; Berkeley Springs, runner-up.

**To Award Certificates**

A committee appointed by the conference voted to award certificates of achievement to all members of the first and second all-conference football teams and the high point scorers; players of the three all-conference basketball teams and the first, second and third high average scorers; high point scorers and high average foul shooters. Certificates also will go to winner of each event in the P. V. C. track meet and in baseball to the batting champion and runner-up, leading pitcher and runner-up and the strike-out king.

The new regulation regarding the size and sequence of numbers on basketball uniforms was discussed and the conference agreed to accept the old numerals and jerseys for the 1957-58 season. A change however, will be effected for the 1958-59 season.

**Tourney Dates Set**

Keyser High School was accepted as the site for the junior high school basketball tournament February 15, 22 and 25. Trophies will be awarded the championship team and runner-up, also the consolation winner and runner-up. The Wilson Hardware Company of Cumberland will donate the game ball to the winning team.

Forty-five persons from 17 schools attended the dinner, including 13 principals and 31 coaches. Carl Everly, assistant principal of Southern High, Oakland, and president of the conference presided.

Newcomers introduced were James W. Latham, principal, and Paul Hodges, assistant coach, Berkeley Springs; William Phillips, assistant coach, Elk Garden; Edgar Tucker, assistant coach, Ridgeley; Carroll Michael, assistant coach, Petersburg, and Claude Flagg, football coach, Romney High School.

The spring meeting will be held at Burlington on the Monday before the regional basketball tournament.

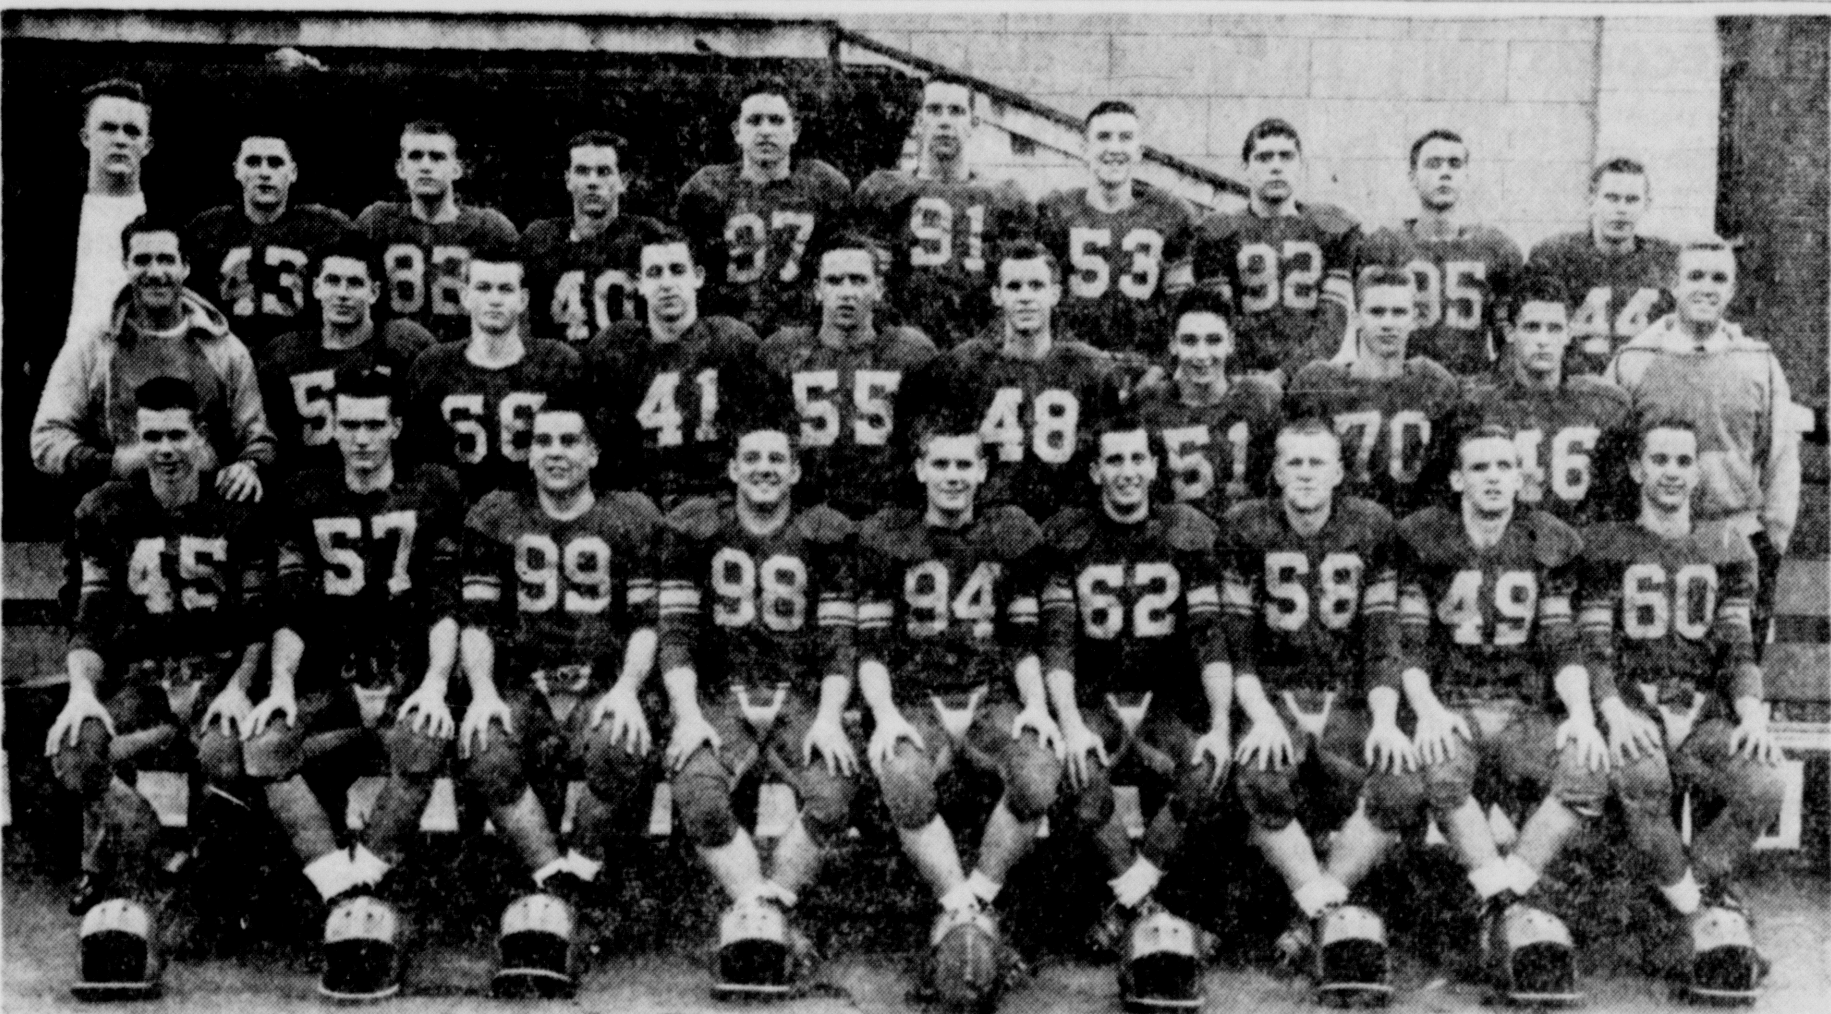

**Lemon Undergoes Elbow Operation**

BEVERLY HILLS, Calif., Nov. 25 (AP)—Cleveland righthander Bob Lemon underwent an operation in Mt. Sinai Hospital today for removal of a spur and bone chips from his right elbow.

Dr. Danny Leventhal, noted bone surgeon, performed the operation. He said he believes Lemon will be ready to go when spring training starts, "but he had a condition in the elbow that made it imperative the chips be removed."

**Clubs Talk Trade**

PITTSBURGH, Nov. 25 (AP)—Trade talks between the Pittsburgh Pirates and St. Louis Cardinals have been recessed without any signs of real progress.

**EXPLORERS READY FOR FINAL GAME**—Coach Norman F. Geatz's LaSalle Explorers are hopeful of winding up their 1957 campaign with a victory when they face Beall High School on Thanksgiving Day at Frostburg. The schools will be meeting on the holiday for the 12th straight year in the Mountain City. LaSalle lost last year's game, 7-6, but holds an 8-2-1 lead in the series. The opening kickoff is set for 1:30 o'clock. LaSalle players in the above photo, left to right, are: FIRST ROW—John Baar, Charles Imes, John Gilmore, Kenneth Harris, Michael Stitche, Donald Stillwagon, Frank Carney, Robert Fair and Richard Shaffer. SECOND ROW—Don Harden, assistant coach; James Delaney, Richard Murray, John Bahen, Van Parsons, Thomas Madden, Joe Passarelli, Donald Richard, Danny Carlomany, Norman F. Geatz, head coach. THIRD ROW—C. Storer, manager; Robert Bisignano, Jack Hudson, William O'Rourke, Pat Buzzard, Michael Smith, William Blake, Thomas O'Rourke, Thomas Finan and John Miller. Players missing when photo was taken were Thomas Hudson, Reggie Lennox, James Werner, Jake Twigg and Joseph Footen.

## LaSalle Ties Allegany In Dux Circuit

Explorers Cop Three, Campers Cop, 2-1

Ridgeley	1	14	.067

LaSalle High School moved into a first place tie with Allegany in the Bi-State Interscholastic Bowling League yesterday by sweeping three games from Ridgeley High School on the Savoy lanes while the Campers were taking a pair from Fort Hill on the Diamond alleys.

Ten members of the LaSalle team participated in the match and none rolled more than two games. Joe Vocke's 216 was the second highest score of the season for a single game, being topped only by Tim Felten's 230. Grabenstein posted a 209. Kincaid led the Ridgeley team with a set of 344.

The three-game totals were: LaSalle 2,334, Ridgeley 1,774.

Allegany toppled 2,140 maples in turning back Fort Hill's Sentinels who posted 2,108 in three games.

Gene Wilt of Allegany turned in high set of 438 while Mike Holcomb headed the Sentinels with 436. Milton Stein of the Campers was high for a single game with a 169 while Gene Wilt tied Melvin Boone of Fort Hill for the runner-up spot with 166.

**Grand Knights Gain On K. Of C. Leaders**

The Grand Knights took two games from the front-running Guards last night on the Club Recreation alleys and moved within one game of first place in the K. of C. Duckpin League.

In the other match, the Chancellors scored a 2-1 decision over the Recorders.

High man for the evening was Bert Lawler, of the Grand Knights with 179-514. Other high scorers were: "Ike" Law, Guards 188-465; Jim Clark, Chancellors, 191-430 and Bernard Tasker, Recorders, 380. Standings:

## Michigan State Dominates All-Big Ten Football Team

CHICAGO, Nov. 25 (AP)—Although the Buckeye bull-landed all its three positions in dozer was placed in a second team backfield, also including Ohio State's fine quarterback, Frank Kremblas, and a pair of swift halfbacks, Danny Lewis of Michigan State and Bobby Mitchell of Illinois.

Ohio State captured the conference title and Rose Bowl bid, powerful Michigan State dominated the 1957 All-Big Ten Football Team selected today by the Associated Press.

MSU's Spartans seized four berths on the honor team, compared with three each taken by Ohio State and detroned Iowa. The other first team position went to Michigan's great halfback, Jim Pace.

The all-conference unit, selected in a poll of AP writers who "Cover" Big Ten games, had one of the heaviest and most hard-hit-

backfields ever honored in 17-13 loss to Ohio State on Nov. 16 team honors. The Buckeye bull-landed all its three positions in dozer was placed in a second team backfield, also including Ohio State's fine quarterback, Frank Kremblas, and a pair of swift halfbacks, Danny Lewis of Michigan State and Bobby Mitchell of Illinois.

Michigan State stars, halfback Walt Kowalczyk and quarterback stars were center Dan Currie and tackle Pat Burke. Ohio State also placed two linemen, guard Aureli-

us Thomas and end Leo Brown, whose light weight of 171 brought the average poundage of the seven-

all-star linemen down to 205. This was not a good big ten season for fullbacks, although Ohio State's brilliant soph, Bob White, came along with a last minute Saturday's season-closing game rush that nearly won him first with Virginia.

## Oregon To Play Ohio State In Rose Bowl Game

LOS ANGELES, Nov. 25 (AP)—The University of Oregon today was selected to represent the Pacific Coast Conference against Ohio State in the Rose Bowl on New Year's Day.

PCC Commissioner Victor O. Schmidt said Oregon, which tied for the PCC championship with Oregon State, the 1956 winner, was selected by faculty athletic representatives of the nine schools in the conference.

Oregon State was ineligible to play.

The Webfoots last played in the Pasadena classic in 1920 when they lost to Harvard 7-6.

Oregon had a 6-2 conference record for the 1957 season as did Oregon State.

# Court Order Stops West Virginia Class AA Title Game

## Judge Wagner Halts Contest By Injunction

Weirton, Fairmont Tilt Held Up By Big Creek Protest

BECKLEY, W. Va., Nov. 25 (AP)—A court order obtained by friends of Big Creek High School of War has caused indefinite postponement of Thursday's scheduled playoff game for the state Class AA football championship.

"As far as I know a court order takes jurisdiction over any scheduled playoff game at present. Further orders must come at the direction of the court," W. R. Fugitt said here tonight. He is the executive secretary of the West Virginia Secondary School Activities Commission.

Earlier today at Bluefield, Circuit Judge F. Morton Wagner granted an injunction restraining the commission from matching Fairmont West and Weirton in the scheduled playoff at Wheeling.

Fugitt said he had instructed his resident deputy at Princeton, Melvin McClain of Princeton High School, to seek legal advice. Fugitt said McClain would consult with an attorney tomorrow to decide on any legal steps.

The claim of Big Creek High to be one of the title game participants was rejected only during the past weekend by the commission's Athletic Board of Appeals.

Judge Wagner acted immediately after the petition for a restraining order was presented in chambers here this afternoon. He explained that "time was of the essence."

## Miteff Scores 3rd Round K.O.

Gagliardo Belted, Referee Halts Go

NEW YORK, Nov. 25 (AP)—Alex Miteff, strapping Argentine heavyweight, tonight made a punching bag of Tony Gagliardo and stopped the Brooklyn substitute in 1:55 of the third round of a televised bout at St. Nicholas Arena.

It was the second straight knock-out for the 22-year-old Miteff since he was flattened himself in the first round by Mike DeJohn on Oct. 9. That was Miteff's first professional defeat. His record now is 14-1 including nine kayos.

Gagliardo was named Sunday to replace unbeaten Lennie Kanthal who suffered a rib injury in training.

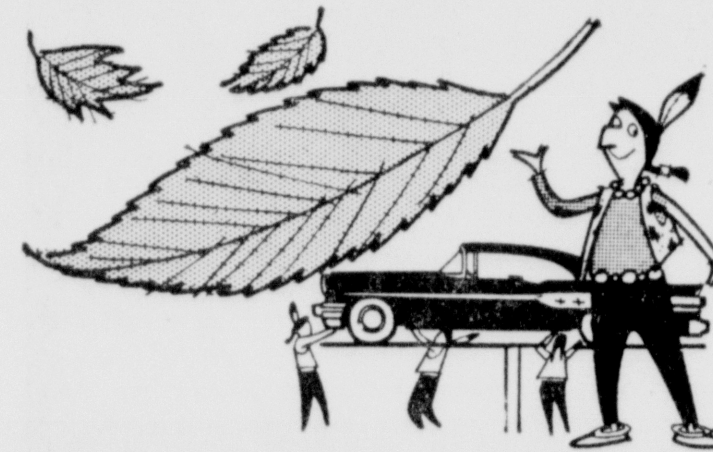

Miteff opened cuts over Tony's eyes, drew blood from his nose, and gave him a thorough drubbing. He didn't floor his game, out-gunned foe but shook him up several times with his thumping blows to the body and head.

Referee Harry Ebbs stopped the one-sided fight after Tony had been rocked twice within 10 seconds, first by a right and then a left to the jaw.

## Spiders Get Ready

RICHMOND, Va., Nov. 25 (AP)—Richmond's Spiders went through defensive drills today in preparation for Thursday's holiday clash with the William & Mary Indians.

## NFL To Grant All Demands Of Players

Pay For Exhibitions, Injury Protection Will Be Approved

PHILADELPHIA, Nov. 25 (AP)—The National Football League will grant all of the players' demands, probably by unanimous vote, the Associated Press learned today.

Commissioner Bert Bell recommended to league owners last month that they give the players what they want—recognition, exhibition game pay, an injury protection clause and a minimum salary. An unimpeachable source showed an actual copy of the commissioner's bulletin of Oct. 16, dealing with all phases of the players' assn. squabble. The source said that Bell had the 10 necessary votes to pass the measures and that the vote probably would be unanimous.

May Cancel Suit  
Bell's recommendations, if adopted as expected by the owners at either their Dec. 2 or mid-January meeting, probably would negate the \$4,200,000 law suit threatened last week by Creighton Miller, attorney for the players' assn.

The source emphasized that Bell's recommendations were made "long before Miller's threat to sue the league for treble damages" in support of the player demands. He said that George Halas, owner of the Chicago Bears; George Marshall, Washington owner, and Paul Brown, general manager of the Cleveland Browns, early opponents of the player group, had fallen into line.

Under Bell's plan, the recommendations would be written into the NFL's constitution and by-laws. This would, in effect, constitute a written agreement between the league and the players. The spokesman said the action would be tantamount to recognition of the players' assn. by the owners. Bell formally recognized the group before a subcommittee of Congress.

Specifically, Bell made these recommendations:  
1. Pay a minimum salary of \$5,000. There is no set minimum now. The commissioner has said many times that there is not a player in the NFL who gets less.

2. An injury clause. If a player is injured in the performance of his duties and notifies the club within 36 hours, all medical and hospital bills will be paid by the club and his salary continued.

If the player is not satisfied with the club physician's diagnosis, he may go to his personal physician. Should the two medical opinions differ, a third "disinterested" doctor would be called in and his decision would be binding on both club and player.

3. Exhibition game pay of \$50 per player. If a club and its players have a private agreement which calls for a bonus instead of per game pay for exhibitions and the bonus is more, the bonus system may be used. (The Chicago Bears reportedly have such a set-up).

## Truex Sets NCAA Mark For Harriers

Team Title Won By Notre Dame

EAST LANSING, Mich., Nov. 25 (AP)—Max Truex, a short, stocky former Olympian from the University of Southern California, set a phenomenal record of 19:12.3 in the NCAA Cross Country run here today.

Truex, attracted to California from Warsaw, Ind., wasn't even breathing hard as he shattered the old record of 19:36.7 for the four-mile course set by Charles Capozzoli of Georgetown in 1952.

Truex, a 23-year-old junior who packs great endurance in his 5-foot-5, 130-pound frame, finished 120 yards ahead of John Macy of Houston, second in 19:35.

Notre Dame won the team title, its first in the 19-year history of the meet, beating out defending champion Michigan State. Houston was third in the team competition, Syracuse placed fourth and Kansas was fifth.

Jerry Smartt also of Houston, finished close behind his second place teammate in 19:41. Minnesota's Leonard Edelen, the Big Ten individual champion, was fourth at 19:44 and Crawford Kennedy of Michigan State, winner of the IC4A run, placed fifth, with a 19:44.5 performance.

The complete team scores:  
1—Notre Dame, 121; 2—Michigan State, 127; 3—Houston, 131; 4—Syracuse, 140; 5—Kansas, 153; 6—Western Michigan, 170; 7—Cornell, 172; 8—Colorado, 198; 9—Penn State, 206; 10—Miami (Ohio), 215; 11—tie between Texas and Indiana, 233; 13—Arkansas, 236; 14—Iowa, 278; 15—Bowling Green, 412.

## Jones, Vaughn Get Garden Bout

NEW YORK, Nov. 25 (INS)—Middleweight Tiger Jones and Willie Vaughn were matched today for a ten-round bout Friday night at Madison Square Garden. The bout, which will be televised nationally by NBC, replaces a lightweight fight between Paolo Rosi and Johnny Bussio. Bussio withdrew because of an inflamed left eye.

## VMI May Get Bid To Tangerine Bowl

ORLANDO, Fla., Nov. 25 (AP)—Teams being considered as an opponent for Mississippi Southern in the 12th annual Tangerine Bowl football game Jan. 1 were narrowed today to Virginia Military Institute and East Texas State.

"The action was announced following a meeting of the selection committee which said Delaware had withdrawn, explaining it did not want to participate in any post season games.

A final decision probably will be made Friday.

VMI will play Virginia Polytechnic for the Southern Conference championship Thursday. East Texas State already has won the Lone Star Conference crown with an 8-1 record.

## Four Keydets Get Berths On All-Star Team

Chuck Howley Only Mountaineer Named

RICHMOND, Va., Nov. 25 (AP)—Virginia Military Institute, leading the league with a 5-0 record, tonight placed two backs and two linemen on an all-conference football team selected by the Southern Conference Sports Writers Assn. The swift-striking Keydets placed guard Lou Farmer and tackle Jim McFalls in the first-team line and hard-running Sam Woolwine and versatile Bobby Jordan in the backfield.

William and Mary placed three players on the team chosen by the writers. The Citadel got two berths and West Virginia and George Washington had one player each selected.

The line has Paul Maguire of The Citadel and Larry Peccatiello of William and Mary at end, McFalls and Elliott Schaubach of W&M at tackle. Farmer and Chuck Howley of West Virginia at guard and Bill Rush of W&M at center.

In the backfield with Jordan and Woolwine are quarterback Bobby Schwarz of The Citadel and half-back Mike Sommer of George Washington.

The second-team line has Carroll Dale of Virginia Tech and Joe Biscacha of Richmond at end, Jim Burks of Virginia Tech and Pat Lamberti of Richmond at tackle. Joe Nicely of West Virginia and Lloyd Hicks of W&M at guard and Jerry Bost of VMI at center.

Named to the second-team backfield were Billy Baker of Furman, Corbin Bailey of Virginia Tech, Duke Johnston of VMI and Larry Krutko of West Virginia.

## Madeline Ritter Wins Old Export Grid Award

Picks Correct Score, Yardage, Wins \$100; Entries Hit 11,493

Krutko Is Named Player Of Week

In the most closely waged contest of the series to date, Miss Madeline Ritter, 306 Woodside Avenue, won the \$100 cash prize for the eighth Football Contest of the Week, sponsored by the Cumberland Brewing Company, Syracuse, by picking the correct score of 12-0 by which Maryland defeated Virginia last Saturday and guessing that the Terrapins would gain a total of 163 yards rushing.

Miss Ritter, who is employed as a clerk at the Rieck Dairy, Williams Street, is the third woman to win the prize in eight weeks.

A record number of 11,493 entries were received and this total exceeded by 89 the number checked by the judges the previous week.

Sixty correct scores were received and Miss Ritter's guess of 163 yards rushing was exactly the number gained by the victorious Terrapins.

Trailing the winner were John Cox, 648 Baker street, with 162 yards and James Cave, Luke, and Paul George, Sr., 914 Harding Avenue, with 164 each. There also were several contestants who guessed that Maryland would gain 165 yards.

The ninth and final contest of the season will be held this week and those participating will attempt to guess the correct score of the Army-Navy contest Saturday at Philadelphia. If no one predicts the correct score this week the prize money will be donated to the Allegany County League For Crippled Children.

RICHMOND, Va., Nov. 25 (AP)—West Virginia's Larry Krutko, a fellow who is at his best when the chips are down, has been named Southern Conference Player of the Week for his line pounding in the Mountaineers' 7-0 triumph over Carmichaels, Pa., Saturday.

The 210-pound strongboy from Carmichaels, Pa., punched out gains of 27 yards in the 54-yard scoring drive that gave West Virginia its seventh victory of the season.

At his best in West Virginia's toughest games, Krutko finished his college career with 403 yards rushing in his senior year. He picked up 73 of those yards against Syracuse.

## Phils Sign Player

PHILADELPHIA, Nov. 25 (AP)—The Philadelphia Phillies today announced signing of Jack Pries-ter, Miami, Fla., third baseman to a contract with their Tampa club in the Florida State League.

They Can't Give It Away

NASSAU, The Bahamas. In this climate it simply isn't possible to be anything. In fact, to carry the thought a little further, it would be impossible to be a columnist in this climate because your writings would be so unvaryingly pleasant as to be read dull.

I'm down here with the Piel Brothers' annual island contest. For the second year in a row Piel's gives away or attempts to give away an island to the winner of a jingle contest. However, Piel's realistically offers the contestants the choice of an island or \$10,000, and so far the two winners have reluctantly taken the cash. The trouble is, Tom Hawkes, Vice President of Piel's in charge of marketing, who looks and acts quite a lot like Harry Piel of the famous cartoon commercials, was telling me about shopping around for islands to give away on jingle contests. You might think you could find an island anywhere but it's not at all easy. "The island," said Mr. Hawkes, "can't be too near the New York area (where the contestants come from) or too far away. It can't be too dense jungle or nobody could live on it, and it can't be civilized or it loses its primitive charm. It can't be too big or too small. I tell you we thought this one was just right and now we can't even give it away. It's too bad, because not only Tom Hawkes but all Piel's officials who came along on this trip strike me as the type of people who like to give away things. In fact they strike me as very much the kind of people island has no water, no facilities, who would be connected with an organization that has commercials like Bert and Harry Piel, in short as if they sold beer for the fun of it more than for the money. Mr. Hawkes, for example, was telling me how much he enjoyed watching his winners win things. There are, I should explain, many prizes besides the island. There are Hillman Minx automobiles and trips to Paris and television sets and of course the trip to Nassau is a prize in itself.

"You'd be surprised how nice people are when they win things," observed Mr. Hawkes. "Last year a girl won a Hillman Minx and she burst into tears. She said it was the first time she could give her husband something instead of taking something from him. Wasn't that sweet?"

It was indeed, and I must say my observation of this batch of contest winners bears Mr. Hawkes out. Yesterday the contestants who didn't know whether

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, Nov. 25 (INS)—"Sayonara," is having a very swank preview at Warners Studio on December 5, something new showing a picture at a studio. I saw "Sayonara" before it was even cut and I'm firmly convinced it is going to be a strong contender for an Academy award.

He will have an important role in "The Man Who Grew Young," an original Robert Smith comedy, on which Buster Keaton collaborated as a writer. Al Zugsmith that Harry Joe, Sr., was dancing with a very pretty girl at the edy for MGM, the story of an Dick Zanuck party, he said, aging man who finds an elixir of life in South America that he shouldn't have been; he has causes him to grow younger and younger until he reaches his teens. Then he is too young for the girl he loves.

William Goetz sends word that he has signed Pierre Jourdan, 25-year-old brother of Louis Jourdan, to make his film debut in Danny Kaye's "Me and the Colonel." Young Jourdan who was part of the French production crew, was spotted by Goetz behind the cameras and given a key role.

I am told Pierre is handsome with the same charm Louis had when we first saw him as a very young actor.

The Josh Logan-Goetz picture, will be married in four months.

Snapshots of Hollywood collected at random:

Lili Gentle and Richard Zanuck

and I'm getting my best dress ready.

Kay Norton writes that she and columnist Bob Sylvester are not separated. "As a matter of fact," she says, "we couldn't be happier. We expect our baby in May on our second wedding anniversary."

Cary Grant bought 12 Orry paintings for Christmas gifts. Two of them go to his favorite person.

Marlene Dietrich with Noel Coward on one arm and Harold Arlen on the other, went to the New York preview of "Witness for the Prosecution."

Helmut Dantine is taking Niki Michaels to Vienna on their honeymoon so she can meet his mother, Mrs. Dita Dantine.

A nice letter from Goki Grant says her album of the songs from Warners' "The Helen Morgan Story" is now No. 5.

Before Margaret Truman left town she took time out to go to a party hosted by the Rossano Brazzis for about 20 people.

Rita Hayworth and Jim Hill are looking for a house, so my guess is it won't be long.

That's all today. See you tomorrow!

Voting Information

There seems to be considerable misunderstanding on why we are asking our subscribers to vote on "if they want a change" of TV stations from which we receive our CBS and NBC programs.

Some people are saying that we voted once before, and by about 4 to 1 the Washington TV stations were wanted, now you (PVT) want us to vote again to see if we go back to where we were. Well, it would not be going back to where we were because:

- 1st: We will still have Channel 5, which is one of the leading sport TV stations anywhere in the country and carries completely unduplicated programs.
- 2nd: We will still have Channel 7, cable 3, for each and every ABC network program.
- 3rd: Johnstown has changed from about 66% original network programming, and from a variety of ABC, CBS, and NBC programs to about 98% NBC original network programs.
- 4th: Altoona has changed from a variety of ABC, CBS, and NBC programs to about 98% CBS original network programs.

Another reason we wanted you to vote again at this time is that we have received a petition of over eight hundred people who want more sports programs if possible. If a majority of our subscribers vote FOR the change to the 2 Pennsylvania TV stations, it is almost assured that you will receive 40 to 50 Pirate Baseball games in addition to about 60 we have been bringing to you, plus about 5 more Professional football games and 3 or more additional college football games per season. The reception on your TV set will be better from these Pennsylvania TV stations due to stronger and steadier signals on Irons Mountain. If the change is voted for, you will still get your NBC programs on Cable 4 and your CBS programs on Cable 2. Baltimore CBS TV station is Channel 2 which corresponds to the 2 for CBS programs on your TV set, so your Washington edition of TV GUIDE can be practical for all network programs if the change is voted for.

The main thing is: Do you want more sports programs? Please VOTE and follow instructions on ballot mailed to you.

## Cards of Thanks

I wish to express my sincere thanks to all of my relatives, friends and neighbors who were so kind to me following the death of my beloved wife, Mrs. Hazel M. Lancaster. I especially wish to thank those who sent floral tributes and those who donated the use of their automobiles.

JAMES E. LANCASTER

We desire to express our sincere thanks and appreciation to all our friends, neighbors and relatives who were so kind to us during the illness and following the death of our beloved wife and mother, Mrs. Helen M. Roberts. We especially wish to thank Rev. Jacob H. Snyder, those who sent floral tributes, those who donated the use of their cars for the funeral and the pallbearers. To all others who in any manner rendered assistance, we are indeed grateful.

EDWARD E. ROBERTS & FAMILY

We wish to thank everyone for their kindness and expressions of sympathy during our recent bereavement, the death of John Phillips. We also wish to thank the pallbearers, those who sent floral tributes, donated cars or in any manner assisted us.

## Secrets Of Charm

by John Robert Powers

### A Mother-In-Waiting

Mothers-to-be, don't wait until the waiting period is over to glamorize. Just because your good figure is slipping away, don't let your good grooming slip, too. Actually, those who are having their first birth will have more time for beauty routine.

First of all, follow the prescribed diet given by your doctor. Your hubby won't appreciate bulges where they aren't necessary.

Help the nine-month blues by getting a permanent and new hair-do. This will attract your husband's eye and you'll receive the much needed complement.

Before hubby arrives home tired from the office, dress with care. Bathe in cologne water to freshen yourself and select a pleasing talcum fragrance. Be extravagant and get a good perfume. Make sure your maternity wardrobe is made up of flattering

colors and styles. Dab some perfume on and be waiting for the homecoming with a smile.

Of course, he'll appreciate having dinner on time.

To feel awake beyond 7 p. m., try an afternoon nap. This way, you'll be able to keep alert until regular bedtime.

Keep up with friends and activities. Entertain and don't think you're supposed to "sit" the nine months away. Just because your middle is thicker is no sign to forget to smile and keep lovely. It's more important now to remain a charming woman, and the approving male eye will still turn your way proudly.

Opening lead: Five of spades.

In today's hand, we find ourselves compelled to stress again the principle that against no trump contracts, successful defenders must count to nine the same as declarer. Passive resistance is not to be tolerated. When it appears obvious that declarer has nine running tricks, the time has come for desperation measures. It is toward West that we direct our lecture.

The bidding was normal. South accepted North's game invitation on the basis of his five card suit.

West opened the five of spades and East's seven forced declarer's king. South then played a club and held the trick with the queen in dummy. On the return of a diamond, East's queen came up, which was covered by declarer's king and West was in with the ace.

With his ear attuned to the bidding and denying the sight of his eyes, West made the robot return of a spade. South then ran en-

## Oils And Rails Team Up To Lead Market Upturn

NEW YORK, Nov. 25 (AP) — Oils, aided and abetted by rails, led the way to a late upturn by a previously uncertain stock market today.

Gains by leading oils ran close to 4 points. Rails and the general run of key stocks kept their advances within a point or so.

Volume totaled 2,600,000 shares compared with 2,850,000 on Friday.

Standard Oil (NJ) was the most active stock, up ½ at 50½ on 77,000 shares. Second was Getty Oil, up ¼ at 25½ on 41,600 shares. Third was Lukens Steel, up 2½ at 71½ on 34,700 shares.

Next came Royal Dutch, up 1½ at 42½, and Phillips Petroleum, up 2 at 40½.

Shell Transport & Trading, up ½, and Continental Oil, up 2, also were heavily traded. Gulf Oil rose 3¼, Amerasia 3½, Texas Co., selling ex-dividend, 1¼, and Sinclair 1.

Chesapeake & Ohio was about the best among the leading carriers as it gained 1¼. Illinois Central rose ½, New York Central ½, Baltimore & Ohio ¼ and Santa Fe ¼.

Hale & Towne was boosted into the most active list by a block of 12,500 shares sold at 28, up 2½. It closed with a gain of 2½.

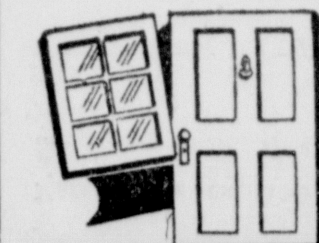

Martin Co. was down around 2 at one phase after it paid its usual quarterly dividend and a company spokesman said a stock dividend, such as paid last year, was not in order. Its net loss on the day was ½.

# McKeldin Says State Requires More Money

Income To Fall Short In 1958

OAKLAND, Md., Nov. 25 (AP)—Gov. McKeldin warned Maryland taxpayers tonight to expect another pinch from the state next year and asked that his veto of a school teacher pay increase be sustained.

He said a preliminary look at the budget to be presented to the General Assembly next February shows more money will be needed to run the state government.

"The indications are, at this date, that we have arrived at one of those plateaus in the field of our revenue sources where income at present rates of taxation will fall short of essential expenditures for the coming year," McKeldin told the Oakland Lions Club.

McKeldin said requests from the State Department of Education already total more than 6 million dollars in excess of current appropriations.

**Mandatory Expenses**  
"Even if we wanted to reduce these requests drastically, there would be little hope of accomplishing such a reduction," McKeldin said. "More than 3 1/2 million dollars of the total are mandatory appropriations required by formulae in the law."

The governor did not mention how much other departmental requests may go up but did use the occasion to plump for the Legislature not to override his veto of a schoolteacher pay bill.

"Bear in mind that these figures do not include the additional millions that would be required to pay the teacher salary increases prescribed . . . by the General Assembly," he said.

"I vetoed that bill because I believed, even in those pre-sputnik times, as I have believed for many years, that the civil divisions of the state—the counties and Baltimore City—must not abandon their primary responsibility for support of our public schools."

**County Responsibility**  
He said he believes school teachers should be paid more but that increases should be paid by civil divisions since the state already makes "substantial" contributions to their base pay.

McKeldin said it is quite probable that his budget message to the 1958 General Assembly "will cite the need for certain tax rate increases or certain new taxes other than those which would be imposed by the Assembly's overriding of my veto."

"It is my sincere hope that the members of the Assembly will realize as, I am sure, most citizens of Maryland realize, that the total burden of taxation must be distributed among the levels of government."

**Would Cost \$10 Million**  
The school teacher pay raise bill adopted last April 1 provided for 10 1/2 million dollars in increases for teachers with the money to be raised through a statewide tobacco tax.

McKeldin noted that since he vetoed it, many counties had gone ahead and voted raises for teachers on their own. "I have been pleased with the response," he said.

He said whatever tax proposals he makes with the budget which is to go into effect next July "will be equitable in nature, designed for distribution over the entire populace and not to burden any one segment of our economy."

He will have several more sessions with his aides to screen departmental requests before the exact amount of money necessary to balance the budget will be known.

## Governor Discusses Holy Land

Governor Theodore R. McKeldin made what might be called a non-political visit to Cumberland yesterday to discuss the Holy Land at a luncheon meeting of the Woman's Society of Christian

Service of Centre Street Methodist Church. In the picture he is flanked by Mrs. John Ort, left, who introduced the Governor, and Mrs. R. Finley Thompson, president of the WSCS.

## \$15,000 Bond Set In Garrett Safecracking

Earl Franklin Held For Grand Jury

Bond was set at \$15,000 for Earl Franklin, 31, of Johnson City, Tenn., on a burglary charge at a preliminary hearing held yesterday in Oakland before Magistrate Earl C. Friend.

Franklin was returned to Garrett County from Tennessee on Friday by Sheriff James Frantz in connection with a July 29 safe-cracking at a hardware store in Friendsville.

The sheriff said the Tennessee Highway Patrol informed Garrett County authorities last week that Franklin had been apprehended at Johnson City and was being held in connection with the safe-cracking case. The sheriff went to Tennessee and returned Franklin here where he was ordered held yesterday for action of Garrett County grand jury in March.

**\$37,510 Taken**  
A total of \$37,510 was taken from the safe of the F. G. Fox and Sons Hardware Store with \$25,000 of the total in non-negotiable U.S. savings bonds.

Elwood Kissner, 26, former Friendsville resident, and Oliver Rockett, 53, of Baltimore, were tried in Garrett County Circuit Court September 6 and sentenced to 10 years each in the state penitentiary for grand larceny and breaking and entering.

**Identified Franklin**  
Police said the two men both identified Franklin as the one who actually cracked the safe.

Rockett told the court he burned the \$25,000 worth of bonds in the back yard of his home in Baltimore a few days before he and Kissner were apprehended.

About \$4,400 was recovered from a rock pile near Friendsville and another \$1,900 was located at the Richmond, Va., home of relatives of one of the men.

Franklin was believed to have been in possession of between \$6,000 and \$7,000 of the loot.

## LaVale Church Marks Tenth Anniversary

LaVale Methodist Church, located at the corner of Woodlawn and US 40 in LaVale, observed its tenth anniversary Sunday.

Rev. W. W. Patterson, pastor, noted that the church started because of the growth of that section of LaVale and the desire of some 50 members of Park Place Methodist Church to establish a church closer to their own homes and relieve crowded conditions at Park Place.

In the original charter for LaVale Methodist Church, there were 70 members, many of whom were at the service Sunday and were recognized as the charter was called.

Today, Rev. Patterson noted, there are 325 members of the church, and church property has grown from a few hundred dollars in cash 10 years ago to property valued at over \$150,000. This includes the church edifice, land and parsonage.

Sunday school enrollment has grown from 112, 10 years ago to 314. The Woman's Society of Christian Service has increased in membership from 35 to 76, and all departments of the church show steady expansion.

J. Frank Richardson is superintendent of the Sunday school. The church organist is Mrs. Harold W. Green and the choir director is Mrs. Ralph P. Wimer.

## Whooping Cranes Stamps Available

Copies of the three-cent Whooping Cranes stamp are available at the Cumberland Post Office.

One of a series of Wildlife Conservation stamps, it is printed in three colors.

## Pupils To Eat Three Tons Of Turkey Today

Nearly three tons of turkey have been distributed to the public schools of Allegheny County to be served at the special Thanksgiving luncheons in the various cafeterias, today, according to Mrs. Gladys M. Eaton, supervisor of the school lunch program.

Allegheny High School served its Thanksgiving turkey dinner yesterday but virtually all other schools will have the special attraction today. About 13,000 lunches are expected to be served, Mrs. Eaton said.

Two suggested menus have been sent to the cafeteria managers. One calls for fruit juice, roast turkey and dressing, whipped potatoes and gravy, cranberry salad, roll and butter, cookie and milk. The other lists chilled tomato juice and green salad or slaw as substitutes.

Mrs. Eaton said 5,800 pounds of turkey was distributed to the cafeterias.

## First Thruway Condemnation Resumes Today

Allegheny County Circuit Court's first condemnation case in connection with acquisition of land for the Cumberland Thruway project will move into its second day of trial at 9:15 a. m. today.

Associate Judge Morgan C. Harris, who is presiding at the trial, recessed the case at 3:05 p. m. yesterday until 9:15 a. m. today when the jury of 10 men and one woman will begin hearing more testimony.

The State Roads Commission brought the suit against Market Buildings, Inc., owners of about 19 1/2 acres of land on the north side of Braddock Road, between the road and Braddock Run and beyond Allegheny Grove and opposite the State Roads Commission district office.

Only three witnesses were heard yesterday, all called by the SRC. They are Henry P. Frederick, right-of-way engineer for the commission; D. Clifford Goodfellow and James B. Reinhart, local real estate men, who appraised the property. They all contended that the \$9,500 deposited by the SRC with the clerk of court represented a fair value for the more than 19 acres needed.

When the jury, on which William H. Marean is serving as foreman, went to the scene, they were driven in a school bus on an old road which will follow the thruway's right-of-way.

Five attorneys are participating in the condemnation trial. Representing the SRC are William C. Walsh and Frederick A. Puderbaugh. Attorneys for the defendants are W. Earle Cobey, William A. Gunter and Noel Speir Cook. The rival attorneys agreed to have 11 jurors hear the case when it was found impossible to get the 12th juror.

## Police To Probe Shooting Of Man

West Virginia State Police at Romney said last night they will investigate the wounding of a Winchester, Va., man who was shot in the right arm and shoulder Sunday night at Log Cabin Inn 15 miles east of Romney.

Police said Lawrence Edward Coates, 22, is still in "serious" condition at Winchester Memorial Hospital with wounds from a German 8 mm. Mauser rifle.

Officers said Coates apparently shot himself.

## Flintstone Man Enlists In Army

Albert E. Bennett, 18, RFD 2, Flintstone, son of Mr. and Mrs. Coyle D. Bennett, has enlisted for three years in the Army, according to M/Sgt. Wesley C. Hartley, recruiter in charge of the local station. The young man, a June graduate of Flintstone High School, requested assignment to the Military Police and will take his basic training at Ft. Jackson, S. C.

## Boy, 13, Gets Hearing In Holdup Attempt

Final Disposition Of Case Withheld

A 13-year-old Long Hill boy who attempted to hold up a local jewelry store at gunpoint last week received a hearing in Juvenile Court yesterday.

Magistrate Fred H. Anderson, however, made no final disposition of the case pending an examination of the boy at a mental hygiene clinic here.

Magistrate Anderson at first was unable to get much out of the boy as to his reasons for attempting the jewelry store hold-up. The magistrate then cleared the court room and talked privately with him.

Investigation in the case indicated the boy comes from a large family and that the father and mother have been separated for over three years.

The boy told Magistrate Anderson his mother had very little money and he planned to give her some of the cash he hoped to get from the holdup.

The magistrate then told the boy that if he had been an adult he would be facing a long term in prison for the attempted robbery. He also pointed out to the mother her responsibility in the matter and then turned the lad over to her custody pending later disposition of the case.

The boy had been held in the county juvenile detention quarters in Allegheny County Infirmary pending yesterday's hearing. He was arrested about 1 p. m. November 22 by city police after one of two customers present during the holdup attempt lunged forward and grabbed him as he started to pick up a handful of bills from the proprietor.

## Council To Act On Fire Truck, Gas Rate Monday

Two items of business are scheduled for Monday when the Mayor and Council meet.

They include the awarding of a contract for the new pumper at Central Fire Company and action on the gas company's request for a new rate increase.

Mayor Roy W. Eves said a full council should be present for both actions.

Street Commissioner William H. Buchholz was absent from yesterday's council session due to illness yesterday and City Attorney Thomas B. Finan was on vacation.

## Two Forgery Suspects Returned To Virginia

Two Winchester, Va., men who were arrested here over the weekend for Virginia authorities were returned there yesterday.

Robert L. DeHaven, of the Frederick County sheriff's office, picked up the two men at Police Headquarters here and took them back to Winchester on warrants for forgery and non-support.

Detective Joseph Stutcher said Hillary K. Mills and Herman E. Williams were apprehended Saturday night. Both were wanted on forgery counts and Mills also was sought on the non-support charge.

## Northeast School Will Be Dedicated This Evening

City Auditor Arthur B. Gibson will deliver the principal address at the ceremonies marking the formal dedication of Northeast Elementary School at Bowman's Addition at 8 o'clock tonight.

Kenneth R. Malcolm, president of the Allegheny County Board of Education, will present the building, which will be accepted by Raymond Skidmore, principal of the new \$373,777 school.

After audience participation in the singing of "America," directed by Miss Anita Dickens, the invocation will be given by Rev. Carlton Harris, pastor of Centre Street Methodist Church.

## Phone Booth Looters Get Lighter Term

HAGERSTOWN, Md., Nov. 25 (AP)—

Three Ohio men who had appealed three-year sentences for the looting of telephone coin boxes received lighter penalties today in Washington County Circuit Court.

Judge D. K. McLaughlin pronounced indeterminate terms of not more than two years each on Wilbur Alcon, 23, Donald N. Debow, about 22, and Ronald Williams, 24, all of Dorset, Ohio.

They pleaded guilty to the larceny of \$181 from telephone pay station boxes along U.S. 40 between Hagerstown and the Allegheny County line to the west.

They had appealed from magistrate court sentences totaling three years each.

McLaughlin sentenced them to six months in the Maryland Reformatory for Males on each of four counts.

The men were arrested Sept. 13 in New Jersey after police spotted sacks of coins, an oxygen tank and cutting torch equipment in their car.

They heard the lighter sentences pronounced after defense counsel told the judge that, except for an auto theft conviction against Williams, the men had had no other serious trouble with the law.

State Atty. Tom Kaylor told the court the men had admitted 30 to 35 other telephone coin thefts in Ohio, Maryland, Pennsylvania and North Carolina.

## Sales Tax Take Falls

BALTIMORE, Nov. 25 (AP)—Receipts continue to lag behind estimates of Maryland's retail sales tax, records for the first four months of the fiscal year showed today.

A report by Comptroller J. Millard Tawes indicated that at the end of October, sales tax receipts for the first four months of fiscal 1958 fell \$289,968 below the same period last year.

By mid-November, collections picked up to about the same pace as last year, but apparently there is little chance they will close the gap for the 12-month period.

Estimates for the current fiscal year were some 3 million dollars more than 1957 receipts of \$45,768,000.

Spokesmen in the comptroller's office are only slightly more optimistic about income tax collections in Maryland this year.

The comptroller's report for the period ending Oct. 31 showed that for the four-month comparison, income taxes were \$1,798,206 above last year's figure. But fiscal officials say this is due more to improved handling of the withholding system which has resulted in faster payments, rather than an actual increase in money.

Consequently, these officials feel the State may not reach its prediction of a 10 per cent higher income tax take this year.

## Legion Executive Board To Meet

The executive board of Knobley Mountain Post 136, American Legion of Ridgeley will meet tonight at 8 o'clock at the post home.

Commander William Knieriem said the session is important and urged all members of the board to be present.

# National Chain Will Operate New Restaurant

\$60,000 Building Is Authorized

A \$60,000 Howard Johnson restaurant will be constructed along the north side of U.S. Route 40, just east of the site of the old Six Mile House beyond LaVale.

The building permit for the new restaurant in the national chain was issued yesterday by the Allegheny County assessing department to Harry E. Kettering, who operates a bakery in Fairmont, W. Va. He owns 6.2 acres of land along the National Highway in that area of Election District 29. Apparently he will lease the restaurant to the chain.

The health department first cleared sewage plans for this project. They list the proposed structure as a Howard Johnson Restaurant and ice cream shop. It will be a two-level concrete and frame building with parking for 62 cars.

Dimensions of the new restaurant are 44 feet four inches by 61 feet, according to the building permit.

Paul A. Clark of Bedford, Pa., will be the general contractor for the Route 40 building. The sewage work will be done by Pile Brothers Inc., McMullen Highway. Walter N. Yoder and Son, also on McMullen Highway, will do the plumbing.

Work on the \$60,000 project will start next Monday and completion is expected next April. This location is just across the highway from the Slumberland Motel.

## Youth Is Held In Entry At Gas Station

A 13-year-old boy was picked up yesterday by Maryland State Police who reported he and two other youths broke into a service station at Green Point near the intersection of State Route 36 and U.S. Route 40.

Trooper Carlton Lewis said State Police received a report the three boys had broken into the service station yesterday morning and when he investigated he found them on the premises. He was able to catch the 13-year-old boy but the other two lads escaped.

The boy was brought to the detention quarters in the Allegheny County infirmary but later was released into the custody of his parents by Magistrate For Juvenile Causes Fred H. Anderson.

Magistrate Anderson said the boy will receive a hearing on Monday on a charge of being a delinquent minor.

# GOP Leaders To Map Plans For Campaign

FREDERICK, Nov. 25 (AP)—Western Maryland Republican leaders will meet next month in Hagerstown to set up campaign plans for the 1958 election.

Mayor John A. Derr of Frederick, chairman of the Sixth District Republican Committee, announced the meeting today. Although discussion of candidates is not on the program, names of potential candidates for governor, Congress and other offices are expected to come up.

The 47-year-old Frederick mayor would be right in the middle for any discussion because he has made it plain that he would like to run for governor if it doesn't mean a party-wrecking primary.

Rep. James P. S. Devereux of the Second Congressional District and Rep. Edward Miller of the First are most frequently mentioned as gubernatorial candidates. Gov. McKeldin is barred by law from seeking a third straight term.

But if the national Republican organizations get all GOP congressmen to run for re-election, the Maryland gubernatorial nomination would be up for grabs.

Mayor Derr is expected to make his position known to the GOP leaders at next month's meeting. It will draw Republicans from Garrett, Allegheny, Washington, Frederick and Montgomery counties.

## Organization Meeting Planned For Cub Pack

A meeting will be held tonight at 7:30 at West Side School to reorganize Cub Scout Pack 19, sponsored by the school Parent-Teacher Association.

The pack, active for the past five years under the PTA sponsorship, allowed its charter to expire this year when several important officers on the committee moved to other scouting activities.

All parents of boys who are registered as Cub Scouts with the pack or who are interested in having their sons become Cubs are asked to attend.

Carl Wagner, organization and extension chairman of Potomac Council Boy Scouts of America, will be in charge of the meeting.

IRVIN C. ALEXANDER

# I. C. Alexander Candidate For Delegate Post

Says Party Ignores Women Voters

Irvin C. "Irish" Alexander, Lonaconing, yesterday announced that he is a candidate for the House of Delegates, subject to the Republican primary election next May 20.

Mr. Alexander said he was defeated by a narrow margin in the 1954 primaries and that most of his friends have urged him to be a candidate again.

Mr. Alexander was born and reared in Gilmore, a son of the late Mr. and Mrs. John H. Alexander. He has worked for the Kelly-Springfield Tire Company and the Celanese Corporation of America and formerly operated a restaurant in Lonaconing.

**Asks Reappraisal**  
In announcing his candidacy he said:

"I believe it is for our citizens to reappraise the political situation in the county. We have some men who turn maverick overnight for political patronage . . . we should have men for public office who will not succumb to patronage but who will instead work principally for the county and state. During the past year we have seen vicious political machines emerge, teachers highly underpaid, veterans trampled on, and road conditions in Allegheny County the state's worst, including Route 36, Frostburg to Westernport.

"We must have consideration for equal employment opportunity and legislation to prevent discrimination against middle-aged and handicapped men and women in employment.

"In connection with appointments made by the State Central Committee, it is a known fact that several county office holders are using the State Central Committee for their own political purposes. I don't think that any state-salaried or county-salaried employee should be allowed to serve on the State Central Committee. The party has ignored the women voters of Allegheny County . . . some of our women voters are as capable of holding public office as anyone else, and should be given due consideration.

**Urges Action**  
"I feel that there are too many speeches made on juvenile delinquency and very little action taken. . . . Until we have a youth group appointed from various towns in Allegheny County we will not be able to succeed in curbing juvenile delinquency. . . . I suggest that our schools be used during the vacation period, when not in use during the year, for entertainment, games, dancing, as the schools belong to the taxpayers, as a means of preventing juvenile delinquency. Our volunteer firemen and veterans' halls could also be used in this manner, and I am sure it would be a step forward in the right direction.

"People who propose taxes are the same people who never get hurt. Such taxes as inventory and manufacturers taxes cause unemployment and raise the price of goods, thereby increasing the cost of living and causing inflation; also industrial and manufacturing plants will not move into a county where there are heavy taxes, although we do not want to burden the small property owner by giving full tax relief to industrial plants.

**Wants Tax Reduction**  
"The voters of Allegheny County who are car owners are no doubt one of the biggest taxpayers in the county. They have had no reduction in taxes of any kind in the last 20 years, and it is time something should be done in their favor.

"I also am very much interested in the welfare of the veterans and their families and I assure them my full support on any veterans' legislation that would come up in the Maryland Assembly."

## Equity Suits Filed

Three equity suits were filed in Allegheny County Circuit Court. The bills of complaint were titled Mary Catherine Hall vs. Robert Gray Hall, Mary Allene Wiland vs. James Harrison Wiland, and Carol McCarthy, by Hazel Leslie, her mother and next friend, vs. William B. McCarthy.

## Barbers Will Work

Barber shops here will be open Wednesday because of the Thanksgiving holiday, according to a spokesman for Barbers Local 314.

# Breathing Spell Is Planned By City Water Unit

Future Projects To Be Studied

Water Commissioner William J. Edwards said yesterday that department will take a "little breathing spell" before beginning any major construction project.

He said the most urgent phases of the modernization of the Lake Gordon filtration plant have been completed during a construction program which has cost well over \$1,000,000.

Additional funds will have to be secured, he added, to complete the full program which was started in 1954.

Commissioner Edwards said a complete study of the remaining phases of the modernization plan will be made before any additional construction is recommended.

The statement was made yesterday as the City of Cumberland authorized the payment of \$25,555.82 to the Hazelwood Construction Company for completed Lake Gordon filter plant alterations. The city will retain the final \$4,602.24 until next April.

**Costs Over \$600,000**  
Before yesterday's payment, the city had spent \$689,276 for modernization and boosting the plant's capacity from 12,000,000 gallons to 18,000,000 gallons a day.

This financed the construction of six new filter units and the modernization of the original 12 filter units, with the exception of motorization of valves on the old units.

In addition to this work, two modern mixing and flocculation basins have been installed and repairs have been made to the plant's original clearwell.

Mr. Edwards said additional work needed includes the motorized valves, which were estimated to cost about \$70,000, repairs to the gate chamber at Lake Gordon, estimated at \$5,000 and repairs to the face of Lake Gordon.

The last item, which would call for guniting—spraying concrete upon the surface—was estimated to cost about \$90,000 when the modernization was planned by Robert T. Re
